I've been using my LG Phillips RZ-30LZ13 LCD TV for two months. I found out that when subtitles are flowing into the screen (left to right or upwards), they flicker a lot and look heavily smeared. At the same time there are some cable TV programs, the subtitles move smoothly without any smearing. Both cases do not depend of the subtitles speed. For instance it is possible slower move to ...

Les Marees Terrestres

Presents a year-long look at the life of the British pop icon who joined "Take That" in 1991 and left the band after eight number one singles.

If you are a robot enthusiast who wants to quickly get the most out of Lego Mindstorms EV3, this is the book for you. Prior programming experience is useful to get the most out of this book, but not necessary.

Superb step-by-step guide enables even beginners to create beautiful lace according to age-old technique. Edgings, doilies, squares, petals, picots, more. Projects graded, simple to advanced. 249 illustrations. Bibliography.

Perspectives in Lexicology and Corpus Linguistics offers an introduction to words and corpus linguistics. From this foundation it explores the much wider issues that are inevitably raised but somehow marginalized in lexicology (the study of words) and corpus linguistics: how are individual words integrated into language? What are the real benefits of studying the large quantities of text now available in corpora? How do we best conceptualize meaning itself?>

Presents a concise survey of lexicology. This book surveys the study of words, providing an overview of basic issues in defining and understanding the word as a unit of language. It also examines the history of lexicology, the evolution of dictionaries and developments in the field. It is of interest to undergraduate students of linguistics.

Welcome to the Saint-Gabriel Paris, the most luxurious hotel in the French capital! Perfect for a dream holiday, ideal to host a high-end wedding, a Hollywood-style press junket, or to find death...

And so concludes "The Battle of a Million Limbs," the last story of CHAPTER ONE! Great jumping-on point for anyone who likes to read stories in reverse-order!

In Towing Jehovah, the discovery of the two-mile-long corpse of God in the mid-Atlantic proved a serious menace to both navigation and to faith. But was God truly dead, as the nihilists and the New York Times believed? In Blameless in Abaddon, His body - comatose yet far from inert - has been hauled from its temporary resting place in the Arctic to Florida, where it has become the Main Attraction at Orlando's Celestial City USA. And now one Martin Candle, a small-time and sore-afflicted judge practicing in Abaddon Township, Pennsylvania, proposes further travels for the Corpus Dei: to the World Court in The Hague, to answer for history's injustices large and small. In his quest to counter the world's great theodicies, Martin embarks on an astonishing odyssey through the mind of the Creator, where Lot's wife proves a most convenient way of adding salt to a margarita glass, early hominids vigorously debate Augustinian doctrine over jasmine tea, and Martin's alter ego, Job, keeps an eternal vigil atop his dung heap. Once the Trial of the Millennium has begun, Martin will understand why Abaddon is another name for Hell. God hunting simply is not a sport for amateurs.
