Children in today's world are inundated with information about who to be, what to do and how to live. But what if there was a way

Online Library Lighthouse 2014 Vertical Calendar

to teach children how to manage priorities, focus on goals and be a positive influence on the world around them? The Leader in Me is that programme. It's based on a hugely successful initiative carried out at the A.B. Combs Elementary School in North

Carolina. To hear the parents of A. B Combs talk about the school is to be amazed. In 1999, the school debuted a programme that taught The 7 Habits of Highly Effective People to a pilot group of students. The parents reported an incredible change in their

children, who blossomed under the programme. By the end of the following year the average end-of-grade scores had leapt from 84 to 94. This book will launch the message onto a much larger platform. Stephen R. Covey takes the 7 Habits, that have already

Online Library Lighthouse 2014 Vertical Calendar

changed the lives of millions of people, and shows how children can use them as they develop. Those habits -- be proactive, begin with the end in mind, put first things first, think win-win, seek to understand and then to be understood, synergize, and

sharpen the saw -- are critical skills to learn at a young age and bring incredible results, proving that it's never too early to teach someone how to live well.

The first Fire Island Lighthouse was constructed in 1826 after

Online Library Lighthouse 2014 Vertical Calendar

numerous shipwrecks along the barrier island. A replacement tower built in 1858 incorporated innovations in lighthouse design such as the Fresnel lens. Vessels anchored offshore, known as lightships, augmented the lighthouse for many years. The

Online Library Lighthouse 2014 Vertical Calendar

Coast Guard shut down the site in 1973. Through the efforts of the Fire Island Lighthouse Preservation Society and the National Park Service, the beautiful structure was meticulously restored and the tower relit in 1986. Along with a

selection of wonderful color photographs depicting the grandeur of the lighthouse, author Bill Bleyer charts the history of Long Island's cherished Fire Island Lighthouse.

From the expert who understands both sides of one of the world's most complex, controversial

topics, a modern-day Guide for the Perplexed—a primer on Israel and the Israeli-Palestinian conflict. "Can't you just explain the Israel situation to me? In, like, 10 minutes or less?" This is the question Daniel Sokatch is used to answering on an almost daily

basis as the head of the New Israel Fund, an organization dedicated to equality and democracy for all Israelis, not just Jews, Sokatch is supremely well-versed on the Israeli conflict. Can We Talk About Israel? is the story of that conflict, and of why so

Online Library Lighthouse 2014 Vertical Calendar

many people feel so strongly about it without actually understanding it very well at all. It is an attempt to grapple with a century-long struggle between two peoples that both perceive themselves as (and indeed are) victims. And it's an attempt to

Online Library Lighthouse 2014 Vertical Calendar

explain why Israel (and the Israeli-Palestinian conflict) inspires such extreme feelings-why it seems like Israel is the answer to “what is wrong with the world” for half the people in it, and “what is right with the world” for the other half. As Sokatch asks, is there any

other topic about which so many intelligent, educated and sophisticated people express such strongly and passionately held convictions, and about which they actually know so little?

the age at which his mother had migrated to the US, part of the wave of non-Europeans who arrived after immigration quotas were relaxed in 1965, Albert Samaha began to question the ironclad belief in a better future that had inspired her family to

uproot themselves from their birthplace. As she, her brother Spanky—a rising pop star back in Manila, now working as a luggage handler at San Francisco airport—and others of their generation struggled with setbacks amid mounting

instability that seemed to keep prosperity ever out of reach, he wondered whether their decision to abandon a middle-class existence in the Philippines had been worth the cost. Tracing his family's history through the region's unique geopolitical roots

Online Library Lighthouse 2014 Vertical Calendar

in Spanish colonialism, American intervention, and Japanese occupation, Samaha fits their arc into the wider story of global migration as determined by chess moves among superpowers. Ambitious, intimate, and incisive, Concepcion explores what it

might mean to reckon with the unjust legacy of imperialism, to live with contradiction and hope, to fight for the unrealized ideals of an inherited homeland.
