The gathering of the tribes of the Mongols has been a long time in coming but finally, triumphantly, Temujin of the Wolves, Genghis Khan, is given the full accolade of the overall leader and their oaths. Now he can begin to meld all the previously warring people into one army, one nation. But the task Genghis has set himself and

them is formidable. He is determined to travel to the land of the long-time enemy, the Chin and attack them there. The distances and terrain-the wide deserts, the impenetrable mountains-make it a difficult venture even for the legendary Mongolian speed of movement, but the greatest problem is that of the complex fortifications, a way of fighting wars of a settled urban population which the nomadic Mongolians had never come across. Finding ways to tackle that and keeping his tribes together in a strange environment presents another new and exciting challenge for Genghis Khan. Not only must Genghis succeed in this incredible campaign, but he must also reconcile the restless factions among his own generals, mediate between his ambitious brothers and cope with his own reactions to his growing sons. The young warrior has become a notable and victorious military commander of thousands:

The mighty Mongol conqueror sets out to unify an entire continent under his rule.

For lovers of thrilling adventure and grand history, the bestselling co-author of the #1 New York Times bestseller *The Dangerous Book for Boys* has written a magnificent novel with a hero for the ages: the legendary, visionary conqueror Kublai Khan. A succession of ruthless men have seized power in the wake of Genghis Khan's death—all descendants of the great leader, but none with his indomitable character. One grandson, Guyuk, strains the loyalties of the tribes to the breaking point, and another, Mongke, brutally eliminates the opposition and dispatches his younger brothers Kublai and Hulegu to far-flung territories. Hulegu displays his

# Online Library Lords Of The Bow Conqueror Book 2

barbarity with the savage destruction of Baghdad and his clash with the Khan's age-old enemies, the cult of assassins. But it is Kublai—refined and scholarly, always considered too thoughtful to take power—who will devise new ways of warfare and conquest as he builds the dream city of Xanadu and pursues the ultimate prize: the ancient empire of Sung China. His gifts will serve him well when an epic civil war breaks out among brothers, the outcome of which will literally change the world. **BONUS:** This edition includes an excerpt from Conn Iggulden's *The Blood of Gods*.  
—Conqueror is as real as military fiction gets. Conn Iggulden's story of one of history's most ferocious and brilliant warriors is full of lessons for our warfighters today. —Gunnery Sergeant Jack Coughlin, USMC (ret.), New York Times bestselling author of *Shooter* and *Kill Zone: A Sniper Novel* —A rollicking, dangerous

and often very gory gallop through the largest land empire the world has ever known. □□Sunday Express (U.K.) □A thrilling journey, rippingly told . . . Iggulden's most satisfying to date. □□The Daily Telegraph (U.K.)

The third novel in Conn Iggulden's 'Conqueror' series, narrates the adventures of the mighty Genghis Khan. The fatherless boy, exiled from his tribe, whom readers have been following in 'Wolf of the Plains' and 'Lords of the Bow', has grown into the great king, Genghis Khan. He has united the warring tribes and even taken his armies against the great cities of their oldest enemies. Now he finds trouble rising west of the Mongolian plains. His emissaries are mutilated or killed; his trading gestures rebuffed. So, dividing his armies, using his sons as generals of the various divisions, he sends

## Online Library Lords Of The Bow Conqueror Book 2

them out simultaneously in many directions, ranging as far as modern Iran and Iraq. As well as discovering new territories, exacting tribute from conquered peoples, laying waste the cities which resist, this policy is also a way of diffusing the rivalries between his sons and heirs and working out who should succeed the khan.

The Great Khan is dead--and his vast empire, forged through raw courage, tactical brilliance, and indomitable force, hangs in the balance. Now, with the sons of Genghis Khan maneuvering for supremacy, the very qualities that united the fierce Mongol tribes threaten to tear them apart. Genghis's tough and canny heir, Ogedai, is on the verge of becoming the new Khan. Inexplicably, Ogedai has delayed his coronation to complete a project many deem a folly:

# Online Library Lords Of The Bow Conqueror Book 2

the building of Karakorum, a magnificent city amid the wild plains. His decision emboldens his arrogant brother Chagatai to violently challenge him, leaving their noble sibling Tolui caught between them. Yet even as they clash, the Khan's armies extend his reach farther than ever before, into southern China and across the rugged mountains of Russia to the vulnerable heart of Europe, where the most courageous warriors the West commands await the coming onslaught.

A remarkable story of heroism and adventure, of a boy who had to become a man too soon, of a family and a tribe who had to learn to win to survive. A man without a tribe was at great risk, so the young boy abandoned with his siblings on the harsh Mongolian plains had to struggle to avoid death. He survived both starvation and hostile

# Online Library Lords Of The Bow Conqueror Book 2

attacks by learning remarkable leadership skills and gathering a group of outsiders like himself. Hunted and alone, he dreamed of uniting the tribes into one house, one nation. He became a great warrior. He would become father to his people. He would be Genghis Khan.

First published in 1963. The Secret History (so called merely because it was meant for the Mongols and not for the Chinese,) has been chiefly studied from a learned point of view and its quality as literature and hence its value to the lay reader have been greatly overlooked. The Chinese version has been used, but with constant reference to the Mongol text. The parts selected (founded on storytellers' tales) date from the middle of the thirteenth century.
