In this jam-packed and revised edition, readers will learn how to recognize types of lawns, maintain excellent care, and diagnose and cure lawn troubles. The lawn care program and calendar continue to be reader favorites. Full-color illustrations.

Man up and discover the practical and inspirational information all men should know! While it's definitely more than just monster trucks, grilling, and six-pack abs, true manliness is hard to define. The words macho and manly are not synonymous. Taking lessons from classic gentlemen such as Benjamin Franklin and Theodore Roosevelt, authors Brett and Kate McKay have created a collection of the most useful advice every man needs to know to live life to its full potential. This book contains a wealth of information that ranges from survival skills to social skills to advice on how to improve your character. Whether you are braving the wilds with your friends, courting your girlfriend, or raising a family, inside you'll find practical information and inspiration for every area of life. You'll learn the basics all modern men should know, including how to: -Shave like your grandpa -Be a perfect houseguest -Fight like a gentleman using the art of bartitsu -Help a friend with a problem -Give a man hug -Perform a fireman's carry -Ask for a woman's hand in marriage -Raise resilient kids -Predict the weather like a frontiersman -Start a fire without matches -Give a dynamic speech -Live a well-balanced life So jump in today and gain the skills and knowledge you need to be a real man in the 21st century.

Fundamentals of Combustion Processes is designed as a textbook for an upper-division undergraduate and graduate level combustion course in mechanical engineering. The authors focus on the fundamental theory of combustion and provide a simplified discussion of basic combustion parameters and processes such as thermodynamics, chemical kinetics, ignition, diffusion and pre-mixed flames. The text includes exploration of applications, example exercises, suggested homework problems and videos of laboratory demonstrations

The first monograph to critically engage with the controversial horror film subgenre known as 'torture porn', this book dissects press responses to popular horror and analyses key torture porn films, mapping out the broader conceptual and contextual concerns that shape the meanings of both 'torture' and 'porn'.

"... A field guide and reference for securing cargo on commercial motor vehicles according to the standards in effect in both the United States and Canada"--P. 1.

A basic guide to the inspection, repair, and maintenance of tires and tracks for off-road vehicles.
