In this riveting psychological thriller, a high-school vice principal and a Middle Eastern–born transfer student engage in a politically and emotionally charged game of cat and mouse, with dangerous consequences.

(High School) Hailed as a stellar educational resource for nearly a century, Magruder's American Government is updated annually to meet the changing needs of today's high school students and teachers. The program's engaging narrative is enhanced with numerous primary sources, political cartoons, charts, graphs, and photos, making the structure and principals of government accessible and motivating to students of all abilities.

Our American Government textbook adheres to the scope and sequence of introductory American government courses nationwide. We have endeavored to make the workings of American Government interesting and accessible to students while maintaining the conceptual coverage and rigor inherent in the subject at the college level. With this objective in mind, the content of this textbook has been developed and arranged to provide a logical progression from the fundamental principles of institutional design at the founding, to avenues of political participation, to thorough coverage of the political structures that constitute American government. The book builds upon what students have already learned and emphasizes connections between topics as well as between theory and applications. The goal of each section is to enable students not just to recognize concepts, but to work with them in ways that will be useful in later courses, future careers, and as engaged citizens. The organization and pedagogical features were developed and vetted with feedback from American government instructors dedicated to the project.

American government is not just one story—it's many stories. Our stories. And they are still being told. In *American Government: Stories of a Nation*, author Scott Abernathy tunes in to the voices of America's people, showing how diverse ideas throughout our nation's history have shaped our political institutions, our identities, the way we participate and behave, the laws we live by, and the challenges we face. His storytelling approach brings the core concepts of government to life, making them meaningful and memorable, and allowing all students to see themselves reflected in the pages. For the new Brief Edition, Abernathy has carefully condensed and updated the content from the Full version, giving you the information you need--and the stories you can relate to--in a more concise, value-oriented package.
