The Megalithic Temples of Malta are several
prehistoric temples, some of which are UNESCO World
Heritage Sites, built during three distinct periods
approximately between 3600 BC and 2500 BC on the
island country of Malta. They had been claimed as the
oldest free-standing structures on Earth until the
discovery of G ö bekli Tepe. Archaeologists believe that
these megalithic complexes are the result of local
innovations in a process of cultural evolution. This led
to the building of several temples
