Millions of cars were equipped with SU carburetors. This book is for those people who wish to tune SU carburetors themselves, irrespective of how many carburetors there are on the engine or what type of engine it is you are dealing with.

A completely reworked and much enlarged (by over 60 pages) book based on Des Hammill's much respected earlier work on how to get more power from the A-Series engine. The complete practical guide to modifying the 1275cc A-Series engine for high-performance with reliability, and without wasting money on parts or modifications that don't work. Explains how many original components - sometimes modified - can be used in high-performance applications.

"Covering all aspects of nitrous oxide systems, from assessing suitability and choosing a system, through to installation and maintenance, this book presents facts, illustrated with 150

colour photographs, written in the clear Speed Pro style, and is useful for anyone considering installing a nitrous oxide system"--Publisher web site.

How to blueprint any 4-cylinder, 4-stroke engine's short block for maximum performance and reliability. Covers choosing components, crank and rod bearings, pistons, camshafts and much more.

Ten years have passed since the original edition of this book was published, but Alfa Romeo enthusiasts everywhere are more active today than ever in preserving, modifying and racing these excellent cars. Throughout this time, the author in true Alfista fashion, never stopped looking for and trying new techniques to increase the power, overall performance and reliability of Alfas and their engines. This book is the result of much research, and also first-hand experience gained through many Alfa rear wheel drive model projects, from the 105 series to the last of the 75 models. There is a lot of completely new information regarding TwinSpark Cylinder head mods, big-brake mods, LSD adjustment procedure, electrical system improvements, plus many flow-bench diagrams, dyno plots, and much more.

A step-by-step guide to building a Buggy, containing details of equipment and techniques, as well as guidance on the choice of donor car and new components. Build any VW-based Dune Buggy avoiding common pitfalls and expensive mistakes, ending up with a superb, roadworthy multi-purpose vehicle.

Expert practical advice from an experienced race engine builder on how to build a high-performance version of Ford's naturally aspirated 4-cylinder 1600, 1800 & 2000cc Pinto engine which has been used in Ford's most popular cars (Escort, Capri, Cortina & Sierra - Ford/Mercury Capri, Pinto, Bobcat in USA) over many years. Whether the reader wants a fast road car or to go racing, Des explains, without using technical jargon, just how to build a reliable high-power engine using as many stock parts as possible and without wasting money on parts and modifications that don't work. Also covers Cosworth versions of Pinto engines and fitting Cosworth heads to Pinto blocks. Does not cover 1300, E-Max 1600 or American-built 2300.

This ukulele bass handbook offers a theoretical introduction to the development of the instrument and its maintenance, stringing and care. Discover the secret of the UBass: how can such a small instrument make a sound that deep? Co-author Martin Bassmati Schroeder put the Kala UBass to the acid test and lets us take part in his experiences in studio and live recordings. The theoretical part is followed by tunes, bass lines, songs and catchy grooves to help you to learn. Cajon and UBass fit together really well, so we included simple band scores for guitar, cajon and UBass to show you how a true rhythm section grooves. Includes access to online video

This colorful book captures some of the most beautiful and rare scale models of American Ford, Edsel, Lincoln, and Mercury cars and light trucks from the classic 1930-69 period. During the last thirty years, a small number of builders have devoted themselves to making, by hand, model cars in scale. Often limited to only a few hundred pieces, these unusual and expensive models have flawless finishing and astounding detail. For the first time ever in one source, the author has assembled hundreds of high-resolution color photographs from his and others' private collections, and from the builders themselves. Read about the history of these
