I love Morrison and Boyd's book, i had the 6e  
which has very good but for the 7e Pearson  
brought in an Indian author who removed some  
very good stuff as it would not be important  
for competitive exams, so the book lost its  
charm, i agree that those stuff which was

# Online Library Morrison Boyd 7 Edition Organic Chemistry Free

removed wasn't required for competitive examinations but that's where the book lost its charm the 6e made organic fun, this made it not so fun, it's still a good book but I got disappointed.

Hardcover. ISBN 10: 0136436692 ISBN 13: 9780136436690. Publisher: Pearson, 1992. This specific ISBN edition is currently not available. View all copies of this ISBN edition: Synopsis. About this title. In this classic introductory text, the authors aim to identify the new concepts of organic chemistry, to select the ones that are clearly fundamental to the learning of organic chemistry, and then to build them into a framework of the book.

4.0 out of 5 stars A good supplement to other textbooks. Reviewed in the United States on January 25, 2009. Verified Purchase. A fine textbook in its own right, Morrison's OChem textbook places great emphasis on chemical analysis and experimental evidence to prove the basic organic chemistry theories.
