As it turns out, no. NAILED sheds light on ten beloved Christian myths, and with evidence gathered from historians all across the theological spectrum, shows how they point to a Jesus Christ created solely through allegorical alchemy of hope and imagination; a messiah transformed from a purely literary, theological construct into the familiar figure of Jesus – in short, a purely mythic Christ.

He may be no more a historical figure than Hercules or Oedipus. Today, several books explore the subject from a fresh angle, including Zealot by Reza Aslan, Nailed: Ten Christian Myths That Show Jesus Never Existed at All by David Fitzgerald, and How Jesus Became God by Bart Ehrman. Historians point out the lack of reliable historical sources.

Why would anyone think Jesus never existed? Isn't it perfectly reasonable to accept that he was a real first century figure? As it turns out, no.NAILED sheds light on ten beloved Christian myths, and, with evidence gathered from historians across the theological spectrum, shows how they point to a Jesus Christ created solely through allegorical alchemy of hope and imagination; a messiah transformed from a purely literary, theological construct into the familiar figure of Jesus ' in short, a purely mythic Christ.

About the book: David Fitzgerald's award-winning 2010 book Nailed: Ten Christian Myths That Show Jesus Never Existed At All pointed out the top ten fatal flaws of Christianity's origin story. Now, Jesus: Mything in Action presents the most compelling new findings in Jesus Myth theory and critically examines its controversial reception by biblical scholars, the extent and reliability of our sources for Jesus, and

## Read Online Nailed Ten Christian Myths That Show Jesus Never Existed At All

reveals the surprising history behind Jesus' evolution. In this volume: *Mything in Action*, vol. I (chapters 1 - 12) looks at the myths of Jesus Mythicism: what it is and isn't; what biblical scholars are saying about it (and why); and examines our oldest "biographical" source for Jesus - the allegorical story we know as the Gospel of Mark.

His study, though, provides dynamic prose renderings of what Price considers to be the themes of Jesus' preaching, such as the Kingdom of God and possessions, as well as the creativity and influence of Jesus' parables. Recommended for general audiences and, when used with other sources, for undergraduates. - *Religious Studies Review* This book is complex and highly detailed. It demands to be read and reread carefully. Price is my kind of biblical scholar in his relentless but non-dogmatic reasoning. This informative and gripping book shows us how the Gospel stories were put together in order to satisfy religious craving. - *Ulster Humanist* This book should be mandatory reading for all scholars concerned with Christian origins ... nothing of comparable importance has been written for at least a decade. - *Freethinker* For more than a century scholars have been examining the Gospels and other traditions about the life of Jesus to determine their historical accuracy. Although the results of these scholarly efforts are sometimes controversial, the consensus among researchers today is that the four Evangelists' accounts cannot be taken at face value. In fact, a team of more than 100 scholars called the Jesus Seminar has come to the conclusion that on average only about 18 percent of the four Gospels is historically accurate. An active member of the Jesus Seminar, Dr. Robert M. Price presents the fruits of this important historical research in this fascinating discussion of early Christianity. As the title suggests, Price is none too optimistic about the reliability of the Gospel tradition as a source of accurate historical information about the life of Jesus. Indeed, he feels that his colleagues in the Jesus Seminar are much too optimistic in their estimate of authentic material in the Gospels. After an introduction to the historical-critical method for nonspecialists and a critique of the methods used by the Jesus Seminar, Price systematically discusses the narrative and teaching materials in the Gospel, clearly presenting what is known and not known about all of the major episodes of Jesus' life. He also examines the parables for authenticity as well as Jesus' teachings about the Kingdom of God, repentance, prayer, possessions and poverty, the Atonement, and many other features of the Gospels. Written for the general reading public in a lively and accessible style, Dr. Price's highly informative discussion will be of interest to anyone who has wondered about the origins of Christianity. Robert M. Price, Ph.D. (Selma, NC), professor of scriptural studies at the Johnnie Colemon Theological Seminary, is the editor (with Jeffery Jay Lowder) of *The Empty Tomb: Jesus Beyond the Grave* and the *Journal of Higher Criticism*. He is also the author of *Top Secret: The Truth Behind Today's Pop Mysticism*; *The Paperback Apocalypse: How the Christian Church Was Left Behind*; *The Reason-Driven Life: What Am I Here on Earth For?*; *The Incredible Shrinking Son of Man*; and *Deconstructing Jesus*; among other works.

About the book: David Fitzgerald's award-winning 2010 book *Nailed: Ten Christian Myths That Show Jesus Never Existed At All* pointed out the top ten fatal flaws of Christianity's origin story. Now, *Jesus: Mything in Action* presents the most compelling new findings in Jesus Myth theory and critically examines its controversial reception by biblical scholars, the extent and reliability of our sources for Jesus, and reveals the surprising history behind Jesus' evolution. In this volume: *Mything in Action*, vol. II (chapters 13 - 18) discusses the changing Jesus from even before the earliest Christians, to Paul, to the Book of Hebrews, to the Gospels and beyond: the construction (and deconstruction) of the Gospels; how Jesus is presented in the rest of the New Testament; and examines the historical sources for Jesus outside of the Bible.

A new presentation of the argument that no historical Jesus existed. A full and comprehensive survey of the question through an examination of the early Christian record, canonical and non-canonical, from Q to the Gospels, from the earliest Pauline epistles to the second century apologists, along with Jewish, Gnostic, and Greco-Roman documents of the time. The philosophy of the era, its religious expression in the pagan mystery cults, fascinating glimpses into the historical background of the period, an in-depth consideration of the Jewish historian Flavius Josephus, are only some of the additional topics covered in the book. A richly-detailed, highly lucid and entertaining account of how Christianity began without an historical Jesus of Nazareth, who came to life only on the pages of the Gospels. While based on the author's work for 'The Jesus Puzzle' website, the book is almost entirely an original writing, not a compilation of website articles. Like the website itself, the book has been styled for the general reader, though the scholarly community will find it of value as well.

Professor Wells argues that there was no historical Jesus, and in thus arguing he deals with the many recent writers who have interpreted the historical Jesus as some kind of political figure in the struggle against Rome, and calls in evidence the many contemporary theologians who agree with some of his arguments about early Christianity. The question at issue is what all the evidence adds up to. Does it establish that Jesus did or did not exist? Professor Wells concludes that the latter is the more likely hypothesis. This challenge to received thinking by both Christians and non-Christians is supported by much documentary evidence, and Professor Wells carefully examines all the relevant problems and answers all the relevant questions. He deliberately avoids polemic and speculation, and sticks so far as possible to the known facts and to rational inferences from the facts.

The assumption that Jesus existed as a historical person has occasionally been questioned in the course of the last hundred years or so, but any doubts that have been raised have usually been put to rest in favor of imagining a blend of the historical, the mythical and the theological in the surviving records of Jesus. Carrier re-examines the whole question and finds compelling reasons to suspect the more daring assumption is correct. He lays out extensive research on the evidence for Jesus and the origins of Christianity and poses the key questions that must now be answered if the historicity of Jesus is to survive as a dominant paradigm. Carrier contrasts the most credible reconstruction of a historical Jesus with the most credible theory of Christian origins if a historical Jesus did not exist. Such a theory would posit that the Jesus figure was originally conceived of as a celestial being known only through private revelations and hidden messages in scripture; then stories placing this being in earth history were crafted to communicate the claims of the gospel allegorically; such stories eventually came to be believed or promoted in the struggle for control of the Christian churches that survived the tribulations of the first century. Carrier finds the latter theory more credible than has been previously imagined. He explains why it offers a better explanation for all the disparate evidence surviving from the first two centuries of the Christian era. He argues that we need a more careful and robust theory of cultural syncretism between Jewish theology and politics of the second-temple period and the most popular features of pagan religion and
