Educational Assessment in a Time of Reform provides background information on large-scale examination systems more generally and the South African examination specifically. It traces the reforms in the education system of South Africa since 1994 and provides a description of the advances in modern test theory that could be considered for future standard setting endeavours. At the heart of the book is the debate on whether the current standard of education in Africa is good enough . If not, then how can it be improved? The aim of this book is to provide a point of departure for discussions on standard-setting, quality assurance, equating of examinations and assessment approaches. From this point of departure recommendations for practices in general and the exit-level (Grade 12) examination results in particular can be made. This book is ideal reading for principals, teachers, academics and researchers in the fields of educational assessment, measurement, and evaluation.

Mrs Pargeter discovers the skills by which Public Relations can make evil look good in the latest wickedly entertaining mystery. It is her characteristic generosity rather than her love of animals that finds Mrs Pargeter supporting her friend, Jasmine Angold, at a charity reception for Philipussies, whose worthy aim is to rehabilitate stray cats from the Greek island of Atmos into caring English homes. But the evening is to have unexpected consequences. At the event, Mrs P is taken aback to meet a woman who claims to be the sister of her late husband, the much-missed Mr Pargeter. This surprising encounter leads to unwelcome digging into past secrets, the discovery of a body in Epping Forest, an eventful trip to Greece - and unexpected danger for Mrs Pargeter. In the course of her investigations, she learns the true nature of charity and the dubious skills by which Public Relations can make evil look good.
