The NAVEDTRA 130 series of manuals provides fundamental guidance within the Naval Education and Training Command (NAVEDTRACOM) for the development of curricula, the delivery of instruction, and the management and evaluation of training programs. Each of the manuals is designed as a stand alone document to serve a specific user group such as curriculum developers, instructors, course managers or training managers. The manuals are, however, interrelated and appropriately cross referenced to one another. The NAVEDTRA 135, Navy School Management Manual, amplifies the policies set forth in Chief of Naval Education and Training (CNET) instructions; defines the processes and procedures used in Navy training; and provides guidelines and documentation for the implementation of policies and the management of NAVEDTRACOM schools.
