The foreign relations of Nazi Germany were characterized by the territorial expansionist ambitions of Germany's dictator Adolf Hitler and the promotion of the ideologies of anti-communism and antisemitism within Germany and its conquered territories. The Nazi regime oversaw Germany's rise as a militarist world power from the state of humiliation and disempowerment it had experienced following its defeat in World War I. From the late 1930s to its defeat in 1945, Germany was the most formidable of

Foreign relations of Nazi Germany - Wikipedia

The title of this interview, Nazi International, refers to Joseph Farrell's latest book, in which he details - as do Camelot witnesses Jim Marrs and Peter Levenda, and many other researchers (including Jim Keith, who died in unusual circumstances and to whom we pay tribute here) - how the Nazis were experimenting with technology extremely advanced for their time, and how many Nazi scientists, evaluated as being valuable resources for post-war America, were repatriated to the US under Project ...

Nazi International - Dr. Joseph Farrell

The development of postwar fascism in Europe and the United States is detailed in two important books, American Fuehrer and Free to Hate. As the militia movement that characterized much of the American radical right in the 1990s fades, a harder-edged, more Nazified scene has emerged to take its place.

The Nazi goal of obtaining Lebensraum in Eastern Europe led Germany to attack the Soviet Union in June 1941. Nazi leaders decided by the end of 1941 to carry out the “ final solution ” policy of systematically annihilating the Jews in Europe. The German Foreign Office played an important role in implementing this policy. German diplomats had the task of persuading Europe ’ s sovereign states to resolve their “ Jewish question ” themselves or by turning their Jewish population over to ...

Physicist and Oxford educated historian Joseph P. Farrell continues his best-selling series of exposés on secret Nazi technology, Nazi survival, and post-war Nazi manipulation of various manufacturing technologies, economies and whole countries. Beginning with pre-War corporate partnerships in the USA, including the Bush family, he moves on to the surrender of Nazi Germany, and evacuation plans of the Germans. He then covers the vast, and still-little-known recreation of Nazi Germany in South America with help of Juan Peron, I.G. Farben and Martin Bormann. Farrell then covers Nazi Germany ’ s Penetration of the Muslim World including Wilhelm Voss and Otto Skorzeny in Gamel Abdul Nasser ’ s Egypt before moving onto the development and control of New Energy Technologies including the Bariloche Fusion Project, Dr. Philo Farnsworth ’ s Plasmator, and the Work of Dr. Nikolai Kozyrev. Finally, Farrell discusses the Nazi desire to control space, and examines their connection with NASA, the esoteric meaning of NASA Mission Patches, plus final chapters on: Alchemy, Esotericism, The SS and the Unified Field Theory Craze; 1943-1945: Strange Events from the end of World War II and other “ Postwar Shenanigans. ” This book is literally packed with information.

Pursuing his investigations of high financial fraud, international banking, hidden systems of finance, black budgets and breakaway civilizations, author and researcher Joseph P. Farrell continues his

examination of the post-war Nazi International, an “ extra-territorial state ” without borders or capitals, a network of terrorists, drug runners, and people in the very heights of financial power willing to commit financial fraud in amounts totaling trillions of dollars. Breakaway civilizations, black budgets, secret technology, occult rituals, international terrorism, giant corporate cartels, patent law and the hijacking of nature: it ’ s all in this book where Farrell explores what he calls ‘ the business model ’ of the post-war Axis elite. It is Farrell at his best—uncovering the gargantuan financial fraud and hidden technology of the breakaway civilization.

A continuation of Farrell's best-selling series of exposes on secret Nazi technology, Nazi survival, and post-war Nazi manipulation of technologies, economies and whole countries. Includes: Pre-World War II Nazi partnerships in the USA, including those with the Bush family; The vast, and still-little-known, re-creation of Nazi Germany in South America with the help of Juan Peron, I G Farben and Martin Bormann; Nazi Germany's penetration of the Muslim world including Wilhelm Voss and Otto Skorzeny in Gamel Abdul Nasser's Egypt; Nazi plans to control space through their connection with NASA; The esoteric meaning of NASA Mission Patches; Plus final chapters on: Alchemy, Esotericism, The SS and the Unified Field Theory Craze; 1943-1945: Strange Events from the end of World War 11 and other Post-war Shenanigans.

Offers a range of exotic technologies the Nazis researched, and challenges to the conventional views of the end of World War Two, the Roswell incident, and the beginning of MAJIC-12, the government's alleged secret team of UFO investigators.

A team of distinguished journalists probes the wartime acts and post-war activities of Klaus Barbie, the butcher of Lyon, detailing his escape from Germany with the aid of the CIA and Vatican

From rap to folk to punk, music has often sought to shape its listeners ’ political views, uniting them as a global community and inspiring them to take action. Yet the rallying potential of music can also be harnessed for sinister ends. As this groundbreaking new book reveals, white-power music has served as a key recruiting tool for neo-Nazi and racist hate groups worldwide. Reichsrock shines a light on the international white-power music industry, the fandoms it has spawned, and the virulently racist beliefs it perpetuates. Kirsten Dyck not only investigates how white-power bands and their fans have used the internet to spread their message globally, but also considers how distinctly local white-power scenes have emerged in Western Europe, Eastern Europe, Latin America, the United States, and many other sites. While exploring how white-power bands draw from a common well of nationalist, racist, and neo-Nazi ideologies, the book thus also illuminates how white-power musicians adapt their music to different locations, many of which have their own terms for defining whiteness and racial otherness. Closely tracking the online presence of white-power musicians and their fans, Dyck analyzes the virtual forums and media they use to articulate their hateful rhetoric. This book also demonstrates how this fandom has sparked spectacular violence in the real world, from bombings to mass shootings. Reichsrock thus sounds an urgent message about a global menace.
