Trace a WW1 British Soldier. If you are researching your family history you may discover that one of your ancestors was a soldier serving with the British and Commonwealth Armies in the Great War of 1914-1918. If you have at least a name and few other details it would be helpful to see if you can find out if he died in the war.

Tracing A WW1 British Soldier - Great War
The Boston Globe runs a Q&A with soldier-turned-author Arkady Babchenko. As an 18 year draftee he fought with the Russian Army in 1995 in the First Chechen War. In 1999, he volunteered to fight in the Second Chechen War. "One Soldier's War" is his account of his experiences. Babchenko lives in Moscow and now works [1]

To uncover details of a soldier's service in the First World War you should begin by searching for the following three types of records: Service record: If it survives it is likely to be the most detailed record for an individual soldier that you will find but most service records for First World War soldiers were destroyed following bomb and fire damage at the record office.

British Army soldiers of the First World War - The ...
One Soldier's War is his effort to understand why. The soldiers feel no allegiance to the state, whose lies and half-truths sicken them ("the restoration of constitutional order"). Nor do they feel allegiances to those at home who will never understand. "Half-truths everywhere," one soldier says. "Half-sincerity, half-friendship. I can't accept that.

Arkady Babchenko's "One Soldier's War" - Words Without Borders
One important explanation for soldiers' resilience is the idea of the "primary group": men were motivated above all by comradeship as they fought alongside friends and companions. Effective training also helped, making soldiers familiar with the chaos and fear of the battlefield so that their actions in battle became second nature to them.

A visceral and unflinching memoir of a young Russian soldier's experience in the Chechen wars. In 1995, Arkady Babchenko was an eighteen-year-old law student in Moscow when he was drafted into the Russian army and sent to Chechnya. It was the beginning of a torturous journey from naïve conscript to hardened soldier that took Babchenko from the front lines of the first Chechen War in 1995 to the second in 1999. He fought in major cities and tiny hamlets, from the bombed-out streets of Grozny to anonymous mountain villages. Babchenko takes the raw and mundane realities of war the constant cold, hunger, exhaustion, filth, and terror and twists it into compelling, haunting, and eerily elegant prose. Acclaimed by reviewers around the world, this is a devastating first-person account of war that brilliantly captures the fear, drudgery, chaos, and brutality of modern combat. An excerpt of One Soldier's War was hailed by Tibor Fisher in The Guardian as "right up there with Joseph Heller's Catch-22 and Michael Herr's Dispatches." Mark Bowden, bestselling author of Black Hawk Down, hailed it as "hypnotic and terrifying" and the book won Russia's inaugural Debut Prize, which recognizes authors who write despite, not because of, their life circumstances. "If you haven't yet learned that war is hell, this memoir by a young Russian recruit in his country's battle with the breakaway republic of Chechnya, should easily convince you." "Publishers Weekly

Mr. Koll had a typical infantryman's experience of the war, which he describes, including his feelings and the conflicts between his religion and a soldier's duty.

Before he became one of America's most respected statesmen, Bob Dole was an average citizen serving heroically for his country. The bravery he showed after suffering near-fatal injuries in the final days of World War II is the stuff of legend. Now, for the first time in his own words, Dole tells the moving story of his harrowing experience on and off the battlefield, and how it changed his life. Speaking here not as a politician but as a wounded G.I., Dole recounts his own odyssey of courage and sacrifice, and also honors the fighting spirit of the countless heroes with whom he served. Heartfelt and inspiring, One Soldier's Story is the World War II chronicle that America has been waiting for.

This story details the fateful adventures of two Canadian army regiments dispatched to the Pacific to face the Japanese.

Merriam Press World War II Memoir. As school children, most Americans learned about World War II and the attack on Pearl Harbor, the D-Day invasion of Normandy, the raising of the flag on Iwo Jima. But few people know much about the Italian Campaign during that war. Of all the western fronts in World War II, the Italian campaign cost the most lives. One of its survivors, Albert DeFazio, didn't like to talk about his experiences as an American soldier in World War II, but he was also concerned that so little was known about the suffering and death in Italy. It took Albert decades to be able to describe his experiences in World War II - memories that still haunt him. Now, after seventy years, Albert DeFazio has told his story of the war he cannot forget. This new, expanded edition, brings Albert's story to life with new material and images of Scenes from a Forgotten War. 72 photographs and illustrations, 1 map.

November 2008 sees the 90th anniversary of the end of the Great War, 'the war to end all wars' that still haunts and fascinates in equal measure. Richard van Emden's new book tells that story as never before through the words and pictures of the men who were there. The Soldier's War includes incredible never-published-before letters and photographs to reveal the true stories of a lost generation. The Soldier's War traces the war chronologically, taking stories from each year of the fighting and following the British Tommy through devastating battles and trench warfare to the armistice in 1918. The book also reflects on other lesser-known and more personal aspects of the war, such as the work of stretcher-bearers, army chaplains, and burial parties. Each chapter will begin with an exploration of the soldiers' post-war attitudes to an emotive and controversial aspects of the conflict. What were their attitudes towards the enemy? What did the troops at the front line really think about their generals? Did they remember their time in the war with any fondness? Central to The Soldier's War are the original and as-yet-unseen photographs that punctuate the narrative. Many soldiers carried lightweight VPK cameras (Vest Pocket Kodaks) and used them (illegally) to photograph the war as it unfolded. Between seventy-five and a hundred remarkable images will for the first time show trench-warfare as it really happened.

An Italian septuagenarian recounts his life before and after World War I in this novel from the author of Paris in the Present Tense. For Alessandro Giuliani, the young son of a prosperous Roman lawyer, golden trees shimmer in the sun beneath a sky of perfect blue. At night, the moon is amber and the city of Rome seethes with light. He races horses across the country to the sea, and in the Alps, he practices the precise and sublime art of mountain climbing. At the ancient university in Bologna he is a student of painting and the science of beauty. And he falls in love. His is a world of adventure and dreams, of music, storm, and the spirit. Then the Great War intervenes. Half a century later, in August of 1964, Alessandro, a white-haired professor, still tall and proud, finds himself unexpectedly on the road with an illiterate young factory worker. As they walk toward Monte Prato, a village seventy kilometers distant, the old man tells the story of his life. How he became a soldier. A hero. A prisoner. A deserter. A wanderer in the hell that claimed Europe. And how he tragically lost one family and gained another. The boy is dazzled by the action and envious of the richness and color of the story, and realizes that the old man's magnificent tale of love and war is more than a tale: it is the recapitulation of his life, his reckoning with mortality, and above all, a love song for his family. "[A] testimony to the indomitable human spirit. Highly recommended."Library Journal

A rediscovered classic memoir of World War II

An outstanding dispatch from the frontline of war - unsparing, unsentimental, blackly comic and brutally beautiful - by and ordinary soldier who tells it like it is. Arkady Babchenko was still a naove 18-year-old when he and his fellow teenage conscripts arrived in a camp just north of Chechnya. Fresh off the truck, the new recruit rapidly learned the meaning of savagery and fear, before he'd even been near the front line. By the time he started his active duty, he had developed a tough skin against the harsh treatments meted out by his seniors and grew hardened and cynical. With unblinking honesty, Arkady Babchenko traces his journey from innocence to experience, taking the raw and mundane reality of war and twists it into compelling, chilling - and eerily elegant - prose.

In the early hours of New Year's Eve 1994, Russian troops invaded Chechnya, plunging the country into a prolonged and bloody conflict. A foreign correspondent in Moscow at the time, sne Seierstad traveled regularly to Chechnya to report on the war, describing its effects on those trying to live their daily lives amidst violence. Over the course of a decade, she traveled in secret and under the constant threat of danger. In a broken and devastated society, Seierstad lived amongst the wounded and the lost. And she lived with the orphans of Grozny, those who will shape the country's future, asking the question: what happens to children who grow up surrounded by war and accustomed to violence?
