3 BENCHMARKS FOR ACO QUALITY MEASURES Benchmarks for quality measures that are pay -for-performance for the 2020 and/or 2021 performance years are specified in Appendix A. ACOs in their first agreement period should refer to their applicable performance year to determine if the measure is pay-for-reporting or pay-for-performance.

2020 Shared Savings Program Quality Measure Benchmarks

The Different Types Of Benchmarking - Examples And Easy Explanations. Benchmarking - i.e. Comparing your business performance against certain reference points - is a popular and potentially powerful way to glean insights that can lead to improved performance.

measure will receive zero points for that measure; performance at or above the 90th percentile of the quality performance benchmark earns the maximum points available for the measure. For measures that are pay-for-reporting, ACOs will receive full points when the ACO completely and accurately reports on all measures.

Quality Measure Benchmarks for the 2018 Reporting Year ...

Standards is where my definition deviates a little. The premise is the same, but for me standards are industry-established or industry-affirmed values. Standards are something I think our industry (performance measurement) lacks. We don't have standard definitions for things like "benchmarks, baselines, and targets."
