This series has a lot to offer and so far it's only 2.5 books along. I started with the second of the Elemental books first and didn't feel that my understanding or my enjoyment suffered. As I read the first, little things came to light or I had small "ahhh" moments, but for the most part, these books are stand alone.

A short introduction to the Affiliated gangland fiction series. Gerry London is a small time villain and his partner in crime is his best mate Ken Jackson. Their friendship disintegrates when Gerry begins a relationship with Val Murphy. Her father is Niall Murphy a high profile crime boss, who has already taken a dislike to Ken, which is made worse when he spots him disrespecting Val. Ken ends up in hospital and is left with a permanent reminder of his run in with Niall, and a determination to get even.

Irene Wilson thought that she'd fallen on her feet when she met crime boss Niall Murphy. The fact that he was old, boring and unpleasant to look at, didn't bother her. She was used to this way of life, and it was just a means towards an end. When he died suddenly she was left virtually penniless. Niall was her son Mark's father, and she didn't see why he shouldn't get his inheritance. She was smart enough to know that his family weren't going to offer her anything, so she made up her mind that she would send her son Mark to infiltrate the London firm, and learn how to bring them down.Unfortunately there was a rather large secret that Mark hadn't divulged to his mother, and when it got out both of them were forced to go on the run. They decide to approach the London firm's biggest rival for help, not realising that they faced even more danger from him.

Defines the field of ethnic studies and explores its methodologies.

The major themes of this study include: the development of Palaeolithic archaeology, its relationship with the study of human physical anthropology in Britain and, to a lesser extent, on the Continent; links between these and the study of race and racial origins; links with geological developments in climate and glacial studies.

The Mamluk Sultanate represents an extremely interesting case study to examine social, economic and cultural developments in the transition into the rapidly changing modern world. On the one hand, it is the heir of a political and military tradition that goes back hundreds of years, and brought this to a high pitch that enabled astounding victories over serious external threats. On the other hand, as time went on, it was increasingly confronted with " modern " problems that would necessitate fundamental changes in its structure and content. The Mamluk period was one of great religious and social change, and in many ways the modern demographic map was established at this time. This volume shows that the situation of the Mamluk Sultanate was far from that of decadence, and until the end it was a vibrant society (although not without tensions and increasing problems) that did its best to adapt and compete in a rapidly changing world.

This edition covers the history of the suffragist movement from its beginnings to 1885. It was written and edited by Elizabeth Cady Stanton, Susan B. Anthony and Matilda Joslyn Gage. Anthony had for years saved letters, newspapers clippings, and similar materials of historical value to the women's suffrage movement. Therefore, in addition to chronicling the movement's activities, this 3 volumes include reminiscences of movement leaders and analyses of the historical causes of the condition of women. They also contain a variety of primary materials, including letters, newspaper clippings, speeches, court transcripts and decisions, and conference reports. Volume 3 includes essays by local women's rights activists who provided details about the history of the movement at the state level. Elizabeth Cady Stanton (1815–1902) was an American suffragist, social activist, abolitionist and leading figure of the early women's rights movement. Susan B. Anthony (1820–1906) was an American suffragist, social reformer and women's rights activist. Born into a Quaker family she became the New York state agent for the American Anti-Slavery Society. Anthony was also a close friend and confidant of Elizabeth Stanton. Harriot Stanton Blatch (1856-1940) was a suffragist and daughter of Stanton who contributed a chapter on the brief history of AWSA (American Woman Suffrage Association) Matilda Gage (1826–1898) was a suffragist, a Native American rights activist, an abolitionist and a freethinker.

This illustrated text teaches electrophysiology and cardiology fellows-in-training the concept of connecting ventricular arrhythmias ' QRS morphology with the arrhythmia site of origin. Thirty case studies, including multimodality imaging and anatomy data, illustrate the precise locations of the sites of origin of different ventricular arrhythmias. Mapping approaches are discussed, with an emphasis on how the 12-lead ECG helps to identify critical sites of the arrhythmias. Illustrated with 106 figures that include 12-lead ECGs, intracardiac ECG tracings, and electroanatomical maps that are complemented by reconstructed intracardiac echo images.
