Oswaal CBSE Question Bank+NCERT Exemplar Book Class 12 (Reduced Syllabus) (Set of 6 Books) Physics , Chemistry, Biology (For 2021 Exam)

This volume examines the nature of second language listening proficiency and how it can be assessed. The book highlights the need for test developers to provide a clear explication of the ability constructs which underpin the tests they offer in the public domain. This is increasingly necessary if claims about the validity of test score interpretation and use are to be supported both logically and with empirical evidence. It operationalises a comprehensive test validation framework which adopts a socio-cognitive perspective. The framework embraces six core components, examining and then analysing Cambridge ESOL listening tasks from the following perspectives: Test Taker; Cognitive Validity; Context Validity; Scoring Validity; Criterion-related Validity; and Consequential Validity.

Some of the key benefits of studying from Oswaal Question Banks are: • Chapter-wise/ Topic-wise presentation for systematic and methodical study • Strictly based on the Reduced CBSE Curriculum issued for Academic Year 2020-2021, following the latest NCERT Textbook and Exemplar • Previous Years' Question Papers with Marking Scheme & Toppers' Answers for exam-oriented study • Remembering, Understanding, Application, Analysing & Evaluation and Creation Based Question based on Bloom's Taxonomy for cognitive skills development • Latest Typologies of Questions developed by Oswaal Editorial Board included • Mind Maps in each chapter for making learning simple • 'Most likely Questions' generated by Oswaal Editorial Board with 100+ years of teaching experience • Suggested videos at the end of each chapter for a Hybrid Learning Experience
