Transformation

opposing perspectives,

or seemingly illogical

findings. This article

helps researchers move

beyond labeling—to

explore paradoxes and

contribute insights more

in tune with

organizational

complexity and

ambiguity. I first

develop a framework

that clarifies the nature

of paradoxical tensions

management of the
change–stability...

Page 32/37

Change

Access Free Paradox And

Transformation involves the growth of inner freedom, as ideas, actions, and self are liberated from present form. Emphasizing inner freedom does not underestimate the value of external freedom (i.e., rights and liberties). However, it suggests that the heart of transformation is an inner freedom that may,

in turn, ripple toward
the out

TRANSFORMATION
AS PROCESS AND
PARADOX

It may seem ironic that a narrative about the long-term could be deployed to distort the rewards of effective, market-based long-term capital allocation for short-term benefit. This is, I think,

Change

Cultural and
organizational forces
increasingly reflect an
awareness of paradox.

Leadership is

Page 35/37

Change

Access Free
Paradox And
Transformation
correspondingly
understood as having
paradoxical aspects. I
address the relationship
between leadership and
paradox and explore the
utility of the competing
values framework as a
means to develop
leadership skill from a
paradox perspective.
