In the tough competition for residency positions, how can you stand out?Get the Residency: ASHP ' s Guide to Residency Interviews and Preparation can help. You ' ll get tips, a long-term plan, and answers to your questions, including: When do I start planning my residency strategy—and how How can I set up a timeline and task list to keep myself on target for success? How can I ace the interview process? What should I have in my portfolio? What happens if I don ' t make the match? Plus, get late breaking information you can ' t get in any other book on the Pharmacy Online Residency Centralized Application Service (PHORCAS) and the Post-Match Dynamic List.The authors of Get the Residency put together a course at Nova Southeastern University College of Pharmacy that has helped their students achieve an 83 percent residency acceptance rate, against the national average of 60 percent in the most recent match. Now, Joshua Caballero, PharmD, BCPP; Kevin A. Clauson, PharmD; and Sandra Benavides, PharmD, along with faculty and clinicians across the country, share their effective techniques with you. They offer candid advice, guidance, and warnings that will be directly applicable to your hunt for a post graduate residency or fellowship and will stay with you as your career grows. You can begin using this as a guide as early as your first year, or as soon as you are ready to begin the residency application process. Let their experience and understanding of the process guide you through each step toward your professional future.

Fundamental Skills for Patient Care in Pharmacy Practice enables students and new pharmacists to master the skills associated with clinical care in either the inpatient or outpatient setting. In accessible steps, this valuable resource provides the tools for gaining medication histories from patients and counseling them on the most effective and safe manner to take medications. Each chapter explores the background and practice of a critical skill, tools that aid in its development and mastery, and tips for success. Students and pharmacists will come away with the knowledge to identify drug-related problems and formulate plans for solutions to these problems. Fundamental Skills for Patient Care in Pharmacy Practice prepares future pharmacists to communicate effectively in verbal and written formats with health professionals and special patient populations as they prepare and present SOAP notes, patient cases, and discharge counseling.
