Law Enforcement, Policing, & Security

It's time society updates the law enforcement system. In a digital age of artificial intelligence and advanced technology, the concept of an antiquated system of policing has gone the way of the taxicab. America is still policing as we were a hundred years ago. America must discuss our outdated arm of law enforcement which starts with eliminating the brutal, corrupt policing system. Abolish the Police analyzes the many facets of police work that have become unnecessary and obsolete. By utilizing everyday technology, society can come together to address common behavior or man-made issues without the help from police officers. Abolish the Police should be considered the handbook for 21st century civilizations to maintain safety. By deploying the tactics outlined in Abolish the Police, America can enforce the laws, hold criminals accountable and eradicate the never ending stream of citizen deaths at the hands of the police.

The Handbook of Police Psychology features contributions from over 30 leading experts on the core matters of police psychology. The collection surveys everything from the beginnings of police psychology and early influences on the profession; to pre-employment screening, assessment, and evaluation; to clinical interventions. Alongside original chapters first published in 2011, this edition features new content on deadly force encounters, officer resilience training, and police leadership enhancement. Influential figures in the field of police psychology are discussed, including America 's first full-time police psychologist, who served in the Los Angeles Police Department, and the first full-time police officer to earn a doctorate in psychology while still in uniform, who served with the New York Police Department. The Handbook of Police Psychology is an invaluable resource for police legal advisors, policy writers, and police psychologists, as well as for graduates studying police or forensic psychology.

This book explains how improvements in intelligence analysis can benefit policing. Written by experts with experience in police higher education and professional practice, this accessible text provides students with both practical knowledge and a critical understanding of the subject. The book is divided into three key parts: Part One outlines how the concept of intelligence was initially embraced and implemented by the police and provides a critique of intelligence sources. It examines the strategic use of intelligence and its procedural framework. It provides a summary of the role of the intelligence analyst, establishing the characteristics of effective practitioners. Part Two describes good practice and explains the practical tools and techniques that effective analysts use in the reduction and investigation of crime. Part Three examines more recent developments in intelligence analysis and looks to the future. This includes the move to multi-agency working, the advent of big data and the role of AI and machine learning. Filled with case studies and practical examples, this book is essential reading for all undergraduates and postgraduates taking courses in Professional Policing, and Criminal Justice more widely. It will also be of interest to existing practitioners in this field.

My Juris Doctorate Degree and expertise is in the study of criminal law and criminal procedure. This book is an ABSOLUTE "MUST READ" if you want to understand the concept of "police-encounters," "police brutality," "police systems," "police-misconduct," "police authority" and "the role of the police officer." "Many people are getting themselves harmed or killed by the Police because they do not understand these concepts and what a "Police-Encounter" should entail. This book is AN INFORMATIVE, EDUCATIONAL and IN-DEPTH LOOK AT WHAT PEOPLE NEED TO KNOW ABOUT "POLICE-ENCOUNTERS and these other concepts that stem from police-encounters." If you do not understand the concept of a "police-encounter," you are most certainly putting yourself at risk for PHYSICAL HARM OR DEATH! EVERY PERSON in America should read and internalize this very short straight-to-the-point book! YOU MUST KNOW WHAT YOUR RESPONSIBILITIES ARE DURING A POLICE-ENCOUNTER TO BE ABLE TO SAFELY GET THROUGH IT! Also, properly educate your CHILDREN, your young-adults, and your LOVED-ONES about police-encounters to keep them safe and out of harm's way. Do not be foolish and ignore these potential life, death, and/or limb-threatening matters that can happen at any given time. It is very important to "KNOW" what rights and authority the Police Officer has during a police-encounter, as well as your rights. If you care about your well-being and want to be in the know you will ABSOLUTELY take advantage of this book; BECAUSE SOONER OR LATER, you WILL, more-than-likely, have to deal with Police on some level. SO, WHY NOT ALREADY BE PREPARED AND KNOW WHAT IS EXPECTED OF YOU AND THEM? This is SERIOUS BUSINESS! IF YOU THINK PEOPLE ARE BEING MISTREATED DURING THE MAJORITY OF POLICE ENCOUNTERS, YOU WILL PROBABLY BE VERY SURPRISED OF WHAT THIS BOOK ENTAILS. WHAT IS A POLICE-ENCOUNTER? Basically, a police-encounter is a situation when you have been stopped, detained, or have come into contact or face-to-face with the Police that is usually initiated by a Police Officer. Frankly, there are too many psychological poisons, psychological cancers, and psychological toxins within the American Society that are leading us astray! Americans stop claiming police-brutality or police-misconduct until you have thoroughly read this very short book. This book is for Whites, Blacks, Browns and all others in America today who want to understand "police-encounters," "police brutality," "police systems," "police-misconduct," "police authority" and "the role of the police officer." Which are all quite simple too understand. MY AIM IN THIS BOOK IS TO CLEAR THE AIR ON SOME MISCONCEPTIONS and MISLEAD THOUGHT PROCESSES. MY AIM IS NOT TO SIDE WITH THE POLICE, NOR SIDE WITH THE AMERICAN CITIZEN. MY AIM IS TO TELL THE TRUTH, EXPLAIN THE LAW WITHIN POLICE-ENCOUNTERS IN GENERAL, and TO STAND ON THE SIDE OF JUSTICE and FAIR-TREATMENT TO BRING ABOUT MORE HARMONY and PEACE BETWEEN PEOPLE AND THE POLICE. FIRST, THIS STARTS WITH BEING EDUCATED and HAVING AN UNDERSTANDING ABOUT "POLICE-ENCOUNTERS." Having this knowledge can possibly mean the difference between LIFE and DEATH during a "POLICE-ENCOUNTER." MOTHER AND FATHER, don't you want to equip your son and daughter with the proper knowledge on this vital matter? Well, you certainly should! As-a-matter-of-fact, everyone should want this vital information. Purchasing this book is a great spiritual deed, it supports a great spiritual cause, it promotes law-and-order, it will save lives, and it will help to bring about more fairness, understanding, and peace and harmony within our great American society. As a great Spiritual People, it is our duty to support all that is GOOD. Therefore, purchase this book, NOW! You have made a wise decision by purchasing this book because you will be educating yourself on this important matter as well as supporting a good social and spiritual cause. Congratulations!!!

The analysis of plants, insects, soil and other particulates from scenes of crime can be vital in proving or excluding contact between a suspect and a scene, targeting search areas, and establishing a time and place of death. Forensic Ecology: A Practitioner 's Guide provides a complete handbook covering all aspects of forensic ecology. Bringing together the forensic applications of anthropology, archaeology, entomology, palynology and sedimentology in one volume, this book provides an essential resource for practitioners in the field of forensic science, whether crime scene investigators, forensic science students or academics involved in the recovery and analysis of evidence from crime scenes. Forensic Ecology: A Practitioner 's Guide includes information not only on the search, location, recovery and analysis of evidence, but includes sampling strategies for diatom analysis, pollen and soils samples and entomology and provides guides for good practice. Each chapter provides background information on each discipline and is structured according to pre-scene attendance (what questions should the scientist ask when receiving a call? What sort of preparation is required?), scene attendance (including protocols at the scene, sampling strategies, recording), scientific examination of analysis of the evidence up to the stages and guidelines for witness statement and presenting evidence in court. The book is written by specialists in all fields with a wealth of experience who are current forensic practitioners around the world. It provides an essential and accessible resource for students, academics, forensic practitioners and police officers everywhere.
