As we enter the
next millennium,
the
technological
revolution is
all set to speed
up. Advances
will be shaped

File Type PDF Power Supply In

by many factors: technological breakthroughs, market forces, politics, and economics. Yet more importantly, they will be shaped by human and social factors, and the success or failure of

File Type PDF
Power Supply In
Telecommunica
products and
services will
largely be
driven by
consumer demand.

This
illuminating
look into the
future sets out
to distinguish
between what
will become
reality and what
will remain

File Type PDF Power Supply In

hypothetical,
focusing on the
most feasible
developments.

This is not a
book of
visionary
ideals, but a
practical view
of the next
century of telec
ommunication.
