Draws on years of research, activism, and legal advocacy to present an examination of the gay experience, illustrating the continuing punishment of gay expression in the United States and illuminating strategies for change.

In the era of information and communication, issues of misinformation and miscommunication are more pressing than ever. Epistemic injustice - one of the most important and ground-breaking subjects to have emerged in philosophy in recent years - refers to those forms of unfair treatment that relate to issues of knowledge, understanding, and participation in communicative practices. The Routledge Handbook of Epistemic Injustice is an outstanding reference source to the key topics, problems and debates in this exciting subject. The first collection of its kind, it comprises over thirty chapters by a team of international contributors, divided into five parts: Core Concepts Liberatory Epistemologies and Axes of Oppression Schools of Thought and Subfields within Epistemology Socio-political, Ethical, and Psychological Dimensions of Knowing Case Studies of Epistemic Injustice. As well as fundamental topics such as testimonial and hermeneutic injustice and epistemic trust, the Handbook includes chapters on important issues such as social and virtue epistemology,

File Type PDF Queer Injustice

objectivity and objectification, implicit bias, and gender and race. Also included are chapters on areas in applied ethics and philosophy, such as law, education, and healthcare. The Routledge Handbook of Epistemic Injustice is essential reading for students and researchers in ethics, epistemology, political philosophy, feminist theory, and philosophy of race. It will also be very useful for those in related fields, such as cultural studies, sociology, education and law.

Despite ongoing challenges to the criminalisation and surveillance of queer lives, police leaders are now promoted as allies and defenders of LGBT rights. However, in this book, Emma K. Russell argues that the surface inclusion of select LGBT identities in the protective aspirations of the law is deeply tenuous and conditional, and that police recognition is both premised upon and reproductive of an imaginary of 'good queer citizens'—those who are respectable, responsible, and 'just like' their heterosexual counterparts. Based on original empirical research, Russell presents a detailed analysis of the political complexities, compromises, and investments that underpin LGBT efforts to achieve sexual rights and protections. With a historical trajectory that spans the so-called 'decriminalisation' era to the present day, she shows how LGBT activists have both resisted and embraced police incursions into queer space, and how—with LGBT support—police leaders have re-crafted histories of violence as stories of institutional progress. *Queer Histories and the Politics of Policing* advances broader understandings of the nature of police power and the shifting terrain of sexual citizenship. It will be of interest to students and researchers of criminology, sociology, and law engaged in studies of policing, social justice, and gender and sexuality.

While legal recognition of marriage has met the needs of a segment of the LGBTQ population, many still face daily struggles with issues around housing, education, healthcare, policing and incarceration, and immigration. These are issues that were largely eclipsed in national arenas by the fight for marriage equality. In reaction to this, *The Unfinished Queer Agenda After Marriage Equality* examines the institutional failings and overlapping systems of injustice that continue to dehumanize queer and trans people and deprive them of basic human rights. Building on a major conference held in 2016 entitled "After Marriage: The Future of LGBTQ Politics and Scholarship", the editors have collected academic papers, edited transcripts of selected conference sessions, and interviews with activists. Drawing from this source material, the book argues that any queer agenda should be informed by an understanding that the issues facing queer and trans people come from the combined influence of neo-liberal capitalism, global white supremacy, and heterosexism. The authors argue that these modes of oppression continue to be especially damaging for poor people, undocumented people, people of color, non-binary, trans, and queer people. By taking an in-depth look at the myriad social issues that continue to affect LGBTQ communities, and by exposing systemic prejudices and inequality as the root cause, this title is an important intervention for students and researchers engaged with queer and trans activism, beyond the fight for marriage equality.

‘ One of the greatest global creative change-makers and activists in the world right now brings his incredible charisma, provocation and personality into this important book.’ Ruth Daniel, CEO and Artistic Director, *In Place of War* 'United Queerdom is a thing of beauty. Dan Glass has penned a memoir that pulsates with existential rage, solidarity, and tactical hope. ' Amin Ghaziani, author of *There Goes the Gayborhood?* Throughout the 1970s the Gay Liberation Front (GLF) initiated an anarchic campaign that permanently changed the face of Britain. Inspired by the Stonewall uprisings in the US, the GLF demanded a 'Absolute Freedom For All' worldwide. Yet half a century on, injustice is rife and LGBT+ inequality remains. Complete LGBT+ liberation means housing rights, universal healthcare, economic freedom

File Type PDF Queer Injustice

and so much more. Although many people believe queers are now free and should behave, assimilate and become palatable – Dan Glass shows that the fight is far from over. *United Queerdom* evocatively captures over five decades of LGBT+ culture and protest from the GLF to 2020s. Showing how central protest is to queer history and identity this book uncovers the back-breaking hard work as well as the glamorous and raucous stories of those who rebelled against injustice and became founders in the story of queer liberation.

LAMBDA LITERARY AWARD FINALIST A transgender reporter's "powerful, profoundly moving" narrative tour through the surprisingly vibrant queer communities sprouting up in red states (*New York Times Book Review*), offering a vision of a stronger, more humane America. Ten years ago, Samantha Allen was a suit-and-tie-wearing Mormon missionary. Now she's a GLAAD Award-winning journalist happily married to another woman. A lot in her life has changed, but what hasn't changed is her deep love of Red State America, and of queer people who stay in so-called "flyover country" rather than moving to the liberal coasts. In *Real Queer America*, Allen takes us on a cross-country road-trip stretching all the way from Provo, Utah to the Rio Grande Valley to the Bible Belt to the Deep South. Her motto for the trip: "Something gay every day." Making pit stops at drag shows, political rallies, and hubs of queer life across the heartland, she introduces us to scores of extraordinary LGBT people working for change, from the first openly transgender mayor in Texas history to the manager of the only queer night club in Bloomington, Indiana, and many more. Capturing profound cultural shifts underway in unexpected places and revealing a national network of chosen family fighting for a better world, *Real Queer America* is a treasure trove of uplifting stories and a much-needed source of hope and inspiration in these divided times.

What makes kinship queer? This collection from leading and emerging thinkers in gender and sexualities interrogates the politics of belonging, shining a light on the outcasts, rebels, and pioneers. *Queer Kinship* brings together an array of thought-provoking perspectives on what it means to love and be loved, to 'do family' and to belong in the South African context. The collection includes a number of different topic areas, disciplinary approaches, and theoretical lenses on familial relations, reproduction, and citizenship. The text amplifies the voices of those who are bending, breaking, and remaking the rules of being and belonging. Photo-essays and artworks offer moving glimpses into the new life worlds being created in and among the 'normal' and the mundane. Taken as a whole, this text offers a critical and intersectional perspective that addresses some important gaps in the scholarship on kinship and families. *Queer Kinship* makes an innovative contribution to international studies in kinship, gender, and sexualities. It will be a valuable resource to scholars, students, and activists working in these areas.

This book examines key points of J. R. R. Tolkien's life and writing career in relation to his views on humanism and feminism, particularly his sympathy for and toleration of those who are different, deemed unimportant, or marginalized—namely, the Other. Jane Chance argues such empathy derived from a variety of causes ranging from the loss of his parents during his early life to a consciousness of the injustice and violence in both World Wars. As a result of his obligation to research and publish in his field and propelled by his sense of abjection and diminution of self, Tolkien concealed aspects of the personal in relatively consistent ways in his medieval adaptations, lectures, essays, and translations, many only recently published. These scholarly writings blend with and relate to his fictional writings in various ways depending on the moment at which he began teaching, translating, or editing a specific medieval work and, simultaneously, composing a specific poem, fantasy, or fairy-story. What Tolkien read and studied from the time before and during his college days at Exeter and

File Type PDF Queer Injustice

continued researching until he died opens a door into understanding how he uniquely interpreted and repurposed the medieval in constructing fantasy.

A theologian, historian and bioethicist by academic training, Rev. Jeff Hood is a graduate of Auburn University, the Southern Baptist Theological Seminary, Emory University's Candler School of Theology, the University of Alabama, Creighton University, and is currently pursuing a Doctorate of Ministry in Practical Theology at Brite Divinity School at Texas Christian University. His ordination rests within the Southern Baptist Convention. A native of Atlanta, Georgia, Jeff currently lives in Denton, Texas, where he serves as a pastor to persons in communities throughout the region. As a theological activist and organizer, Jeff serves as a member of the Board of Directors of the Texas Coalition to Abolish the Death Penalty, on the Statewide Steering Committee and as North Texas area director of Pastors for Texas Children and on the National Council of the Fellowship of Reconciliation USA. In 2013, Jeff's work as a spiritual organizer and activist was recognized by PFLAG Fort Worth's Equality Award. Jeff is married to Emily and together they have three young sons, twin toddlers, Jeff III and Phillip, and newborn, Quinley. Jeff also maintains a close friendship with Texas Death Row prisoner Will Speer. Jeff is the author of two other books, *The Queer: An interaction with The Gospel of John* and *The Queering of an American Evangelical*. A committed pastor, theologian and activist, Rev. Hood is a radical prophetic voice to a closed society. --Back cover.
