Miller Test Prep's study guide for the ACCUPLACER is the solution for students who want to maximize their score and minimize study time. Our study guides are carefully designed to provide only that clear and concise information you need. That's precisely why we put "Clear & Concise" on our cover. The standard for the study guide industry is to "throw in the kitchen sink" when it comes to making a book, meaning you are stuck with hundreds of pages of repetitive information, redundant and confusing examples, and more practice questions than any person could be expected to work through. This results in students feeling overwhelmed, leading to reduced self-confidence, which leads to lower scores! Instead, Miller Test Prep has worked specifically with tutors. Why tutors you ask? Tutors specialize in helping students comprehend information that has already been presented by a teacher. That means they see time and again what students struggle with and what actually works to help them. They specialize in helping students who have previously failed, to succeed. We compiled their decades of experience helping students just like you into this study guide, so you pass the first time! In this ACCUPLACER book, we ensure you are thoroughly prepared for this critically important test: Comprehensive review of all ACCUPLACER exam sections: Reading

Embracing both the spiritual and the practical, Wicca for Beginners is a primer on the philosophies, culture, and beliefs behind the religion, without losing the mystery that draws many students to want to learn. Detailing practices such as grounding, raising energy, visualization, and meditation, this book offers exercises for core techniques before launching into more complicated rituals and spellwork. Finalist for the Coalition of Visionary Resources Award for Best Wiccan/Pagan Book "In her first book-length work, Sabin presents a first-rate, fresh, and thorough addition to the burgeoning field of earth-based spiritual practice volumes...written in a light, informative style that

While combing through her mother ' s notes, Thea learns that there ' s a curse on the Stone that causes anyone who tries to make it to lose their sanity. With the threat of a revolution looming, Thea is sent to live with the father who doesn ' t know she exists. But there are alchemists after the Stone who don ' t believe Thea ' s warning about the curse—instead, they ' ll stop at nothing to steal Thea ' s knowledge of how to create the Stone.
