Books in Barron's Complete Pet Owner's Manuals series present basic information about a wide variety of pets for new or soon-to-be pet owners. Advice and instruction covers proper feeding, housing, health care, training, grooming, protection against hazards, and much more. Texts emphasize basics and are easy for all readers to understand, but most titles in this series also present facts that even experienced pet owners and breeders haven't encountered before. Each manual in this extensive series has been individually written by an expert -- many of them professional breeders or veterinarians. Not one of Barron's Complete Pet Owner's Manuals is a "clone" derived from some common catch-all book. The number of pages per book varies, since information about some animals involves many more details than others. All books in this series are filled with full-color photos of the highest quality and with instructive line drawings.

Monthly Mortgage Payoff Assistance Calendar System(MMPACS) pronounced impacts, is an affordable foreclosure prevention program designed through a calendar system. The MMPACS program regularly diminishes a person's principal balance on any

existing mortgage. MMPACS explains in detail two different payment methods for mortgage reduction/foreclosure prevention, allowing the consumer to choose the method that would be the best for them! The system also cuts thousands upon thousands of dollars from their mortgage, and helps the user gain a more favorable interest rate! It also provides a very unique savings plan builds equity, saves tons of money and gives the consumer a clear mental path to achieve their goals! The system/program, also contains charts and monitoring sheets that let the consumer know approximately what they are saving per month and year along with the amount of equity they have accumulated. Financial planning and organization is a must in today's economy please do not be caught sleeping!

The Autoharp Owner's Manual covers autoharp maintenance, conversions, tuning and string schedules (both diatonic and chromatic), building your own instrument, playing techniques, evaluating instruments, chord bar setups, amplification, history, and much more. Each subject is addressed by a current premier musician/builder. The articles in this book have been taken from past issues of Autoharp Quarterly and have been updated to address current innovations, problems, and instruments. It is a must have for every autoharp player

Now there's a single easy-reading reference to help you plan, implement, and audit a HACCP (Hazard Analysis and Critical Control Point) program. HACCP User's Manual provides comprehensive information on new and existing HACCP systems, current U.S. Food and Drug Administration (FDA) and U.S. Department of Agriculture (USDA) regulations, and procedures for application of the system, as well as sanitation standard operating procedures (SSOPs). With more than 30 years' experience in the food industry, Don Corlett is eminently qualified to guide you step-by-step through the process of tailoring and operating a HACCP
