Hip hop or hip-hop is a culture and art movement that was created by African Americans, Latino Americans and Caribbean Americans in the Bronx, New York City. The origin of the name is often disputed. It is also argued as to whether hip hop started in the South or West Bronx. While the term hip hop is often used to refer exclusively to hip hop music (including rap), hip hop is characterized four ...

As an urban cultural expression, hip-hop and the city are therefore copulatory, and hip-hop expression is itself a representation of the urban space. My paper examines the ways in which African hip-hop represents itself and the urban space within which it exists.

Swag' and 'cred' : Representing Hip-hop in the African City

Introduction. That hip-hop culture has gained prominence and acquired an unmistakable cultural capital, especially within urban areas in Africa is no longer contested. (1) We see its role in shaping, and being shaped by perceptions of, the urban space through its more visible element of rap music. Prominent American hip-hop scholars assert the undeniable connection between the city and hip-hop, specifically, the city space being the foundation upon which the culture is built.
