Higher Education | Home
Research in Higher Education
publishes studies that examine issues
pertaining to postsecondary
education. The journal is open to
studies using a wide range of
methods, but has particular interest in
studies that apply advanced
quantitative research methods to
issues in postsecondary education or
address postsecondary education
policy issues.

Education has a monetary value, as the salary of a person with a college education is higher than that of a person with a high school education. Some people have sold the idea that a higher education is a waste of time and money, and that such education should only be offered to a limited group of people.
