Our American Government textbook adheres to the scope and sequence of introductory American government courses nationwide. We have endeavored to make the workings of American Government interesting and accessible to students while maintaining the conceptual coverage and rigor inherent in the subject at the college level. With this objective in mind, the content of this textbook has been developed and arranged to provide a logical progression from the fundamental principles of institutional design at the founding, to avenues of political participation, to thorough coverage of the political structures that constitute American government. The book builds upon what students have already learned and emphasizes connections between topics as well as between theory and applications. The goal of each section is to enable students not just to recognize concepts, but to work with them in ways that will be useful in later courses, future careers, and as engaged citizens. The organization and pedagogical features were developed and vetted with feedback from American government instructors dedicated to the project.

Published by OpenStax College, U.S. History covers the breadth of the chronological history of the United States and also

Online Library Reteaching Activity The Constitution Chapter 3

provides the necessary depth to ensure the course is manageable for instructors and students alike. U.S. History is designed to meet the scope and sequence requirements of most courses. The authors introduce key forces and major developments that together form the American experience, with particular attention paid to considering issues of race, class and gender. The text provides a balanced approach to U.S. history, considering the people, events and ideas that have shaped the United States from both the top down (politics, economics, diplomacy) and bottom up (eyewitness accounts, lived experience).

American history text includes multimedia connections to the Internet, CD-ROM, and videodisc technology. Middle school level.

These curriculum materials about various aspects of the United States Constitution are designed as supplements to high school courses in history, civics, and government. They include 60 original lessons for students, accompanied by lesson plans for teachers, and are divided into five chapters. Chapter I, "Documents of Freedom" includes the Constitution, amendments to the Constitution, amendments proposed but not ratified, and selected Federalist papers. Chapter II, "Origins and Purposes of the Constitution" covers the concept of a constitution, state constitutions, the Articles of Confederation, the Constitutional Convention, federalists and anti-federalists, the Bill of Rights, and the timetable of main events in the making of the Constitution. Chapter III, "Principles of Government in the Constitution," deals with the concept and operation of federalism, separation of powers, the judiciary, and civil liberties. Chapter IV, "Amending and Interpreting the Constitution," deals with amendments, constitutional conventions, political parties, and challenges to the Constitution. Chapter V, "Landmark Cases of the Supreme Court," analyzes 20 crucial Supreme Court cases. (IS)

Meet the needs of all students with an engaging narrative, high-interest graphics, and outstanding teacher support.
