By definition, winning means that you competed and you came out ahead. Human nature requires us to compete in order to survive. Therefore, winning and survival have the element of success in common. To ascend to a winning position, you need a goal, a desire to achieve it, and the qualities of discipline, perseverance and action to attain it. Having your goal and setting yourself up to achieve your goal is the first step in the process. You adjust your mindset and begin to plan diligently. Goals may be as different as DNA, but methodologies have much in common. Furthermore, your plans and expectations will need adjustments as you go along. That is why the knowledge shared by the CelebrityExperts(r) in this book will be of importance to you. The advice and suggestions of these CelebrityExperts(r) are based on their experiences - both their accomplishments and their shipwrecks. The knowledge they share will allow you to make plans that can propel you in the right direction. That is the function of a mentor - to guide you where you are going and to advise what to avoid. Graffiti writing was born in the streets of Philadelphia in the late 1960s. But it was in New York in the early 1970s that it became a full-fledged urban art, gradually taking over the landscape of the city, from its walls to its subway cars. This is a writing manual, a detailed examination of how graffiti writers have developed the twenty-six letters of the alphabet. It includes the contribution of ten of the international scene's most talented creators answer Woshe's questions about matters that include their practice, their relationship with letters and their backgrounds. It includes a map of New York with the sites where the most important graffiti are located.

embodiment exercises such as soul gazing, contacting your spirit guides, sexual divination, energetic sex, self-pleasuring, moon blood rituals, and sacred sexual storytelling • Includes contributions from 20 diverse voices in the sexual shamanism community, all part of the mystery school ISTA: International School of Temple Arts Drawing on traditional and modern practices, a sex shaman uses the power of erotic energy as a healing medicine. They channel divine love and embrace sexuality freely, practicing polyamory, sexual healing, and even sex magic. They teach tantra, trance dance, kundalini yoga, and other techniques for healing shame, guilt, fear, and sexual trauma. Designed to guide the reader on a journey into their own sacred sexual awakening, this book shares true stories from 20 visionary pioneers in the sexual shamanism movement, all of them associated with the International School of Temple Arts (ISTA), a mystery school that works to illuminate the path of sexual shamanism and heal the split between sex and spirit, release the shame surrounding sexual awakening, and inspire more sexual liberation around the world. The teachers reveal intimate details of their life stories and sexual awakening journeys, showing how, by surrendering to the wisdom of the erotic current of the universe, transformation occurs. Each story is accompanied by an in-depth embodiment exercise with step-by-step instructions, including soul gazing, contacting your spirit guides,
