The third thing to understand about sex and gender in American law is that when someone has legally changed the sex marker on their birth certificate, antidiscrimination laws protecting the individual's so-called "gender identity" are entirely unnecessary. In other words, male transsexuals who have amended the sex marker on their identification documents to reflect "female" are already using women's bathrooms and following women's sex specific dress codes at work.

The distinction between sex and gender differentiates a person's sex from that person's gender, which can refer to either social roles based on the sex of the person or personal identification of one's own gender based on an internal awareness. In some circumstances, an individual's assigned sex and gender do not align, and the person may be transgender. In other cases, an individual may have biological sex characteristics that complicate sex assignment, and the person may be intersex. In ordina

~~Sex and gender distinction — Wikipedia~~

Provisionally: 'sex' denotes human females and males depending on biological features (chromosomes, sex organs, hormones and other physical features); 'gender' denotes women and men depending on social factors (social role, position, behaviour or identity).

~~Feminist Perspectives on Sex and Gender (Stanford ...~~

The difference between sex and gender is that sex is a biological concept based on biological characteristics such as difference in genitalia in male and female. Gender on the other hand primarily deals with personal, societal and cultural perceptions of sexuality. There has been a lot of talk in recent months and years about gender and sex, particularly with the modern, progressive world in which we now live, where flexible ideas of gender and identity are beginning to flourish around the ...

Sex and gender roles in the Roman Catholic Church have been the subject of both intrigue and controversy throughout the Church's history. The cultural influence of the Catholic Church has been vast, particularly upon Western society. Christian concepts, introduced into evangelized societies worldwide by the Church, had a significant impact on established cultural views of sex and gender roles.

International sex researcher, neuroscientist, and columnist Debra Soh debunks popular gender myths in this research-based, scientific examination of the many facets of gender identity. Is our gender something we're born with, or are we conditioned by society? In *The End of Gender*, neuroscientist and sexologist Dr. Debra Soh uses a research-based approach to address this hot-button topic ...

~~The End of Gender: Debunking the Myths about Sex and ...~~

Gender was traditionally used mainly in grammar, language, and linguistics contexts to refer to the sex assigned to nouns (especially in non-English languages). For example, the gender of the French noun *maison* (house) is feminine, while the gender of *livre* (book) is masculine. Words of the same gender tend to have similar endings, and they affect the forms of some of the surrounding words.

~~How to Use Gender vs. sex Correctly — Grammarist~~

First, we should define the difference between the terms 'sex' and 'gender.' In most social sciences, sex refers to biological differences between males and females. Biological differences are...
