Mongolia, landlocked country in north-central Asia. Its remarkable variety of scenery consists largely of upland steppes, semideserts, and deserts, though in the west and north are forested high mountain ranges alternating with lake-dotted basins. The capital, Ulaanbaatar, is in the north-central part of the country.

Mongolia | Culture, History, & People | Britannica

The Eurasian Steppe, also called the Great Steppe or the steppes, is the vast steppe ecoregion of Eurasia in the temperate grasslands, savannas, and shrublands biome. It stretches from Bulgaria , Romania , Moldova , Ukraine , Western Russia , Siberia , Kazakhstan , Xinjiang , Mongolia , and Manchuria , with one major exclave , the Pannonian steppe or Puszta, located mostly in Hungary .

Eurasian Steppe - Wikipedia

We help by providing online recovery discussion, online Christ-based 12 step meetings, Christian chat, forums and resources aimed around working the 12 steps from a Biblical perspective. Note: Online Christian 12 Step Meeting times are listed in the meeting calendar (Eastern Time Zone). However, this is an OPEN Christian meeting room, running 24/7. During non-meeting times, this room will be available for open recovery discussion and chat.

Online Christian 12 Step Meetings - 12 Step Online

The STEP Diploma in Trusts and Estates (England and Wales) is recognised worldwide as the benchmark qualification for those working in the trusts and estates profession. Course purpose The course enables you to improve your technical knowledge of the issues arising in trust and estate practice, enhancing your ability to give holistic advice to your clients as a trusted advisor.

Potent names and themes are included in this account of the Christian church among the Mongols. The experiences of the author are weaved into the narrative.

Taking the analysis of worldwide Christianity to a deeper level of detail, this volume focuses on Christianity in East and Southeast Asia, covering every country and offering both reliable demographic information and original interpretative essays by indigenous scholars and practitioners. It maps patterns of growth and decline, assesses major traditions and movements, analyses key themes, and examines current trends. As a comprehensive account of the presence of Christianity in every country in East and Southeast Asia, this volume is set to become a standard work of reference in its field.

This interdisciplinary introduction offers students a truly global overview of the worldwide spread and impact of Christianity. It is enriched throughout by detailed historic and ethnographic material, showing how broad themes within Christianity have been adopted and adapted by Christian denominations within each major region of the world. Provides a comprehensive overview of the spread and impact of world Christianity Contains studies from every major region of the world, including Africa, Asia, Latin America, the North Atlantic, and Oceania Brings together an international team of contributors from history, sociology, and anthropology, as well as religious studies Examines the significant social, cultural, and political transformations in contemporary societies brought about through the influence of Christianity Discusses Protestant, Evangelical, Catholic, and Orthodox forms of the faith Features useful maps and illustrations Combines broader discussions with detailed regional analysis, creating an invaluable introduction to world Christianity

What happens when you drop an American family with three small children into the post-Communist chaos of Outer Mongolia? There's a Sheep in my Bathtub chronicles the adventures of the Hogan family as they try to follow God's leading into one of the world's most remote and mysterious enclaves. Disarmingly honest and charmingly humorous, their tale will thrill you and bring tears to your eyes. An intensely personal memoir, this book still manages to pack a powerful dose of missionary insight and Biblical principles for seeing the Church explode into life among peoples that have never even heard of Jesus. Get comfortable. You will not be able to put it down.

?The book discusses the theoretical and methodological challenges of an intercultural valid sociology of religion and provides insights into the autochthonous socio-religious research in Muslim societies and Asian countries. In this way, it links discourses that have so far taken place primarily independently of one another. The book goes back to a conference in Münster that questioned the Western foundation of empirical religiosity research, which reaches its limits in the non-American and non-European context, but also with regard to orthodox forms of faith in the Western context.

Traces the history of Mongolia with respect to recent efforts made to form a democratic nation after the fall of Communism, examining the people, regions, economy, and ideologies that have shaped the country.

This fourth edition of Historical Dictionary of Mongolia covers the people and organizations that brought Mongolia from revolution and oppression to independence and democracy, and its current unprecedented level of national wealth and international growth. This is done through a chronology, an introduction, appendixes, and an extensive bibliography. The dictionary section has over 1,200 cross-referenced entries on important personalities, politics, economy, foreign relations, religion, and culture. This book is an excellent resource for students, researchers, and anyone wanting to know more about Mongolia.

Ulaanbaatar beyond Water and Grass is the first book in the English language that takes the visitors to an in-depth exploration of the capital of Mongolia. In the first section of the book, M. A. Aldrich paints a detailed portrait of the history, religion, and architecture of Ulaanbaatar with reference to how the city evolved from a monastic settlement to a communist-inspired capital and finally to a major city of free-wheeling capitalism and Tammany Hall politics. The second section of the book offers the reader a tour of different sites within the city and beyond, bringing back to life the human dramas that have played themselves out on the stage of Ulaanbaatar. Where most guide books often lightly discuss the capital, Ulaanbaatar beyond Water and Grass: A Guide to the

Capital of Mongolia reveals much that remains hidden from the temporary visitor and even from the long-term resident. Writing in a quirky, idiosyncratic style, the author shares his appreciation and delight in this unique urban setting—indeed, in all things Mongolian. The book finally does justice to one of the most neglected cultural capitals in Asia. ‘Combining history, ethnography, architecture, city planning, and folklore with a delightful dash of irony and personal opinion, Michael Aldrich’s *Ulaanbaatar beyond Water and Grass* is an authoritative introduction to Mongolia’s capital city. For first-time visitors or long-term academics, this is quite simply the best book available on Ulaanbaatar.’ —Jack Weatherford, author of *Genghis Khan and the Making of the Modern World* ‘The charm of this superb guide to Mongolia’s mysterious capital is the exuberance and love the author bestows on his subject. Michael Aldrich’s erudition is profound and all embracing, and he is as comfortable discussing abstruse aspects of Buddhism, as he is the city’s history from its pastoral and feudal origins through Manchu suzerainty to Soviet communism to the wild capitalism of the present day. He never misses the opportunity for a colourful and amusing anecdote or tidbit of scandal, to relish an obscure custom, to delight in the spice in a local dish or to pause and admire the beauty of a particular artwork, building or monument. The prose rings with his idiosyncratic personality: knowledgeable, urbane and sceptical (sometimes downright cynical), but always passionate and committed. Carrying this book through Ulaanbaatar’s streets, or curling into its pages on a sofa at home, he is the perfect companion—squeezing stories out of ancient stones, conjuring ghosts and elegantly baring the city’s soul. *Ulaanbaatar beyond Water and Grass* will become as great a classic of travel literature for Central Asia as J. G. Links’s *Venice for Pleasure* was for Europe.’ —Adam Williams, author of *The Palace of Heavenly Pleasure* ‘Destined to become the quintessential introduction to Ulaanbaatar, not only in terms of the wealth of information but also in terms of the sympathetic understanding and humour the author shares with the reader. Genghis Khan would have loved it.’ —Bill Porter, author of *Road to Heaven: Encounters with Chinese Hermits and Finding Them Gone: Visiting China’s Poets of the Past* ‘Michael Aldrich’s guide to Ulaanbaatar reveals a city of religion, of revolution and, latterly, of bold new experiment. It is both a journey through the city of today as well as an imagining of the historical city now lost to development.’ —Paul French, author of *The Old Shanghai A–Z* ‘This is an interesting and illuminating book, providing fascinating details on the history and evolution of Mongolia’s capital and largest city. It should definitely be included on the essential reading list for anyone living or working in Mongolia.’ —Jonathan Addleton, Executive Director of American Center for Mongolian Studies; former US Ambassador to Mongolia; author of *Mongolia and the United States: A Diplomatic History*

Banner-carrying Salvation Army marchers, stone-silent Quakers, jumpy Midwestern revivalists, closed-fellowship Brethren, and Prayer-book Anglicans all made up the mixed multitude sent to the Middle Kingdom by the China Inland Mission (CIM). In *China's Millions*, the newest volume of the acclaimed *Studies in the History of Christian Missions* series, veteran historian Alwyn Austin crafts a compelling narrative of the sprawling history of the China Inland Mission. Austin explores two questions: How did British evangelicalism feed into American fundamentalism, eventually becoming global Protestantism, and how did evangelical Christianity become Chinese? Along the way he introduces readers to a remarkable array of sights, from the visionary, charismatic sect-leader Pastor Hsi, to the wordless book, a missionary teaching device that fit perfectly with Chinese color cosmology, to the opium-soaked aftermath of the North China Famine of 1877-79. Clear, readable, and well researched, *China's Millions* digs deeply into the Chinese and Western past to tell a story that no one would think to tell, the strange yet hopeful result of two cultures colliding.
