Ever wondered if there was a more interesting investment opportunity than financials and the tech industry? You're right. There is... and it has the potential to earn you millions. The marijuana industry is set to become a \$30 billion industry by 2025, yet prejudice makes most investors wary of it. Over 40% of the American population admits to being a regular cannabis user: there is no better market to invest in. The Covid-19 crisis has prompted the worst fall in US stocks since 1987, but this presents one of the best opportunities for investment in marijuana stocks that you'll ever see. The long-term opportunity is enormous, and demand remains high. This is the ideal opportunity to turn a crisis to your advantage. Global marijuana use has increased by 60% in the last 10 years, and rapidly changing legislation makes the market an exciting one. One thing's for certain: the marijuana industry's headed in one direction only, and that's up. You've got questions: if pot's so profitable, why haven't more people thought about investing in it? Is the industry really growing? Are there ethical concerns? The answers are all here. Research shows that alcohol use causes more damage to the brain than marijuana, and with new laws and rapidly growing legalization, illegal distribution is decreasing and violent crime is down by 13%. Investing in legal stocks is an ethically sound decision, and you're about to find out the best way to do it. In Marijuana Stocks for Beginners: How to Invest in the Booming Pot Stock Market for a Big Profit, you're going to learn exactly what you need to know to become a successful investor. How to make big profits in the new wave of legal marijuana investing It's no secret that legal marijuana stocks are the hottest investment trend of 2019... However, with a hot market, comes overvaluation and bad decisions. You see, many people are hungry to get a foothold in the emerging recreational cannabis market. But they're not sure what to look for. So investors end up piling into some of the worst deals since the dot-com boom. Here's the deal The competition in the recreational pot industry will be as fierce as it is in the airline industry. There will be a cutthroat race to the bottom on prices - and it will bankrupt 90% of the current companies in the marijuana space. That's not to say all cannabis companies aren't worth investing in... But you need to invest in the right ones. Here's the best advice we can give you today. Don't just focus on companies involved in the growing and harvesting of cannabis flowers. Instead, there is a far more lucrative section of the market where the real gains will be made... Here's just a fraction of what you'll learn inside this collection: The highest upside cannabis stock of all (it's not Canopy Growth Corp - in fact, this little known company trades for less than \$3) The company which makes the one thing every single legal pot sale must include (making it a prime takeover target) The single best marijuana REIT available for regular investors (another stock similar to this saw gains of over 9000% in just 7 months) Jeff Sessions was previously called the marijuana industry's biggest enemy - why he is no longer an obstacle President Trump's true stance on pot, which the mainstream media won't tell you about The Home Depot of the marijuana industry - and a prime takeover target for giant retailers (potential 10X returns from this one stock) An advanced Canadian grower, currently trading under \$1 3 non-cannabis stocks you would have no idea would benefit from a growing marijuana industry This penny stock just partnered with a leading European grower, which could result in the biggest growth of all The company which could become the McDonald's of the Marijuana Industry This tobacco company is best poised to benefit from marijuana's popularity ...and much, much more All written in plain English, without complicated financial language.
