Joe Satriani recounts his music-making life in *Strange Beautiful Music* (Image credit: Â Chris Schwegler/Retna Ltd./Corbis) Introspection isn't Joe Satriani's default mode. Since releasing his 1986 full-length debut, *Not Of This Earth*, the guitar star has moved at an astonishing pace, issuing 14 solo

guitar albums of dramatic, game-changing music without so much as a single gulp for air.

Go behind the scenes with the musician *The New York Times* called "a guitar God!" Oft-hailed as the Jimi Hendrix of his generation, living guitar legend Joe Satriani has long transcended stylistic boundaries with a sound that raises the bar like a new horizon for the broader genre of instrumental guitar rock. Joe's 6-string secrets have astounded listeners around the world for nearly 30 years. In *Strange Beautiful Music: A Musical Memoir*, Satriani and coauthor, music biographer Jake Brown, take fans on their first authorized tour of the story behind his climb to stardom and the creative odyssey involved in writing and recording a storied catalog of classics including "Surfing with the Alien," "Summer Song," "Satch Boogie," "Always With Me, Always With You," "The Extremist," "Flying in a Blue Dream," "Crowd Chant," and more. Featuring previously unpublished photos and hours of exclusive, firsthand interviews with Satriani, *Strange Beautiful Music* offers a unique look inside the studio with Joe, giving fans a chance to get up close and personal like never before. With insider details about his collaboration with multi-platinum supergroup Chickenfoot, exclusive interviews with Sammy Hagar and Michael Anthony of Van Halen and Chad Smith of the Red Hot Chili Peppers, commentary from fellow guitar legends such as Steve Vai, Metallica's Kirk Hammett, Primus's Larry LaLonde, and legendary music producers including Glynn Johns and the late Andy Johns, this memoir offers a rare inside look for die-hard Satriani fans, guitar enthusiasts, and anyone who loves to rock.

Enrolling in a prestigious music academy where she ignores local myths about a monster in the nearby forest, Sing da Navelli struggles with doubts about her musical talent and trains under a mysterious young vocal coach who harbors dark secrets.

"[An] eight-track flashback of a novel set in 1970s Detroit" from the international bestselling author of *The Narcissism of Small Differences* (O, the Oprah Magazine, Summer 2018 Reading List). Set in early 1970s Detroit, a divided city still reeling from its violent race riot of 1967, *Beautiful Music* is the story of one young man's transformation through music. Danny Yzanski is a husky, pop radio-loving loner balancing a dysfunctional homelife with the sudden harsh realities of freshman year at a high school marked by racial turbulence. But after tragedy strikes the family, Danny's mother becomes increasingly erratic and angry about the seismic cultural shifts unfolding in her city and the world. As she tries to hold it together with the help of Librium, highballs, and breakfast cereal, Danny finds his own reason to carry on: rock and roll. In particular, the drum and guitar-heavy songs of local legends like the MC5 and Iggy Pop. In the vein of Nick Hornby and Tobias Wolff, yet with a style very much Zadoorian's own, *Beautiful Music* is a touching story about the power of music and its ability to save one's soul. "A sweet and endearing coming-of-age tale measured in album tracks." —*The Wall Street Journal* "For Danny, cracking the seal on a fresh piece of wax and dissecting cover art and liner notes are acts of nigh religious experience that unveil to him a community of fellow rockers across Detroit . . . It's in these small moments—a lonely boy experiencing premature nostalgia—that Zadoorian shines." —*The Washington Post* "A disturbing yet humorous tale of beleaguered adolescence in 1970s Motor City." —Steve Miller, author of *Detroit Rock City*

After escaping the claws of Corrigan, the Lord Alpha of the Brethren, Mack is trying to lead a quiet lonely life in Inverness in rural Scotland, away from anyone who might happen to be a shapeshifter. However, when she lands a job at an old bookstore owned by a mysterious elderly woman who not only has a familiar passion for herbal lore but also seems to know more than she should, Mack ends up caught in a maelstrom between the Ministry of Mages, the Fae and the Brethren. Now she has to decide between staying hidden and facing the music, as well as confronting her real feelings for the green eyed power of Corrigan himself. This is the second book in the popular urban fantasy series, *Blood Destiny*.

A 2015 William C. Morris YA Debut Award Finalist *Magical realism, lyrical prose, and the pain and passion of human love* haunt this hypnotic generational saga. Foolish love appears to be the Roux family birthright, an ominous forecast for its most recent progeny, Ava Lavender. Ava — in all other ways a normal girl — is born with the wings of a bird. In a quest to understand her peculiar disposition and a growing desire to fit in with her peers, sixteen-year old Ava ventures into the wider world, ill-prepared for what she might discover and naive to the twisted motives of others. Others like the pious Nathaniel Sorrows, who mistakes Ava for an angel and whose obsession with her grows until the night of the summer solstice celebration. That night, the skies open up, rain and feathers fill the air, and Ava's quest and her family's saga build to a devastating crescendo. First-time author Leslye Walton has constructed a layered and unforgettable mythology of what it means to be born with hearts that are tragically, exquisitely human.

'What is a self and how can a self come out of inanimate matter?' This is the riddle that drove Douglas Hofstadter to write this extraordinary book. In order to impart his original and personal view on the core mystery of human existence - our intangible sensation of 'I'-ness - Hofstadter defines the playful yet seemingly paradoxical notion of 'strange loop', and explicates this idea using analogies from many disciplines.

Stunning and elegiac, *Norwegian Wood* first propelled Haruki Murakami into the forefront of the literary scene. Toru, a serious young college student in Tokyo, is devoted to Naoko, a beautiful and introspective young woman, but their mutual passion is marked by the tragic death of their best friend years before. As Naoko retreats further into her own world, Toru finds himself drawn to a fiercely independent and sexually liberated young woman. A

magnificent coming-of-age story steeped in nostalgia, Norwegian Wood blends the music, the mood, and the ethos that were the sixties with a young man's hopeless and heroic first love.

A must-read for music lovers and musicians alike, "Autobiography of a Jazz Trumpeter" is the story of Tracey D. Hooker and his journey from the innocence of his boyhood home in rural Vermont to becoming a Grammy Award winning trumpeter, music teacher and bandleader. Travel with him around the world during his 22-year career as a trumpeter with the U.S. Navy Music Program experiencing adventure, camaraderie, friendships and insights that develop as a part of the triumphs and failures in his life. Become part of "the gig" when, as Hooker describes it, "At some point in the evening the process of reciprocity begins to develop. Shared energy between the audience and the performers becomes evident. Your lover, your companion, your mistress is the music you've dedicated your life to. With the etudes, scales, the countless hours of practice, you can finally express your emancipated soul in total freedom." Music is transformative and Hooker describes from the inside out how one unknown trumpeter found healing through a life as a jazz musician.

Brand alchemist, prime minister whisperer and shadow trend tweaker, Jones Byrne did his best contract work remotely, hidden in the seams of his upstate New York factory loft. But one mystery client has made an irresistible offer that will pull him back into the light, and force him to face his greatest failure: his degenerate expat past life in Tokyo. He had barely escaped, just a year ago, before everything flipped upside down and Japan dropped a veil over its largely depopulated, earthquake-scarred cities, cutting off all contact with the outside world. That's around the time the rumors began. They said that Tokyo had returned to its dark, old ways. But this time, warped and infected by the pharmacological and technological graffiti of 2043. This version of Tokyo was a place no foreigner had been unfortunate enough to lay eyes upon. Until now. Byrne's mystery client promised to make him well and truly wealthy, for just one day's work. Just one day. But this will be the hardest day's work of Byrne's life, if he can make it out of Tokyo alive.

Drawing upon a range of insights from Plato and Aristotle to Gadamer and Ingarden, this phenomenological study examines the nature of artistic creation. Mitscherling and Fairfield also draw heavily upon many artists' statements regarding their own creative process.
