3.0 out of 5 stars Good condensing of information. Reviewed in the United Kingdom on 29 October 2017. Verified Purchase. This book is very good in terms of its condensing of Biology content which is very big however it misses details which are required for the exam hence this revision guide would be good in conjunction with another AQA Biology book, for instance I find it helpful using this book whilst referring to the text book for more detail on specific areas of Biology.
