strategies such as unionism. Dr. Robertson argues that in order to understand these issues, a more rigorous set of conceptual tools around social class, occupational power and worker control is needed. The first two sections of the book set out to address that problem. The final section elaborates on the changing contexts and conditions for contemporary teachers more generally, and argues that structural and ideological changes within educational provision have led to differing capacities in the realization of class assets.

of indigenous peoples Today in the United States, there are more than five hundred federally recognized Indigenous nations comprising nearly three million people, descendants of the fifteen million Native people who once inhabited this land. The centuries-long genocidal program of the US settler-colonial regimen has largely been omitted from history. Now, for the first time, acclaimed historian and activist Roxanne Dunbar-Ortiz offers a history of the United States told from the perspective of Indigenous peoples and reveals how Native Americans, for centuries, actively resisted expansion of the US empire. With growing support for movements such as the campaign to abolish Columbus Day and replace it

with Indigenous Peoples' Day and the Dakota Access Pipeline protest led by the Standing Rock Sioux Tribe, *An Indigenous Peoples' History of the United States* is an essential resource providing historical threads that are crucial for understanding the present. In *An Indigenous Peoples' History of the United States*, Dunbar-Ortiz adroitly challenges the founding myth of the United States and shows how policy against the Indigenous peoples was colonialist and designed to seize the territories of the original inhabitants, displacing or eliminating them. And as Dunbar-Ortiz reveals, this policy was praised in popular culture, through writers like James Fenimore Cooper and Walt Whitman, and in the highest offices of government

and the military. Shockingly, as the genocidal policy reached its zenith under President Andrew Jackson, its ruthlessness was best articulated by US Army general Thomas S. Jesup, who, in 1836, wrote of the Seminoles: "The country can be rid of them only by exterminating them." Spanning more than four hundred years, this classic bottom-up peoples' history radically reframes US history and explodes the silences that have haunted our national narrative. An Indigenous Peoples' History of the United States is a 2015 PEN Oakland-Josephine Miles Award for Excellence in Literature.

Asset Pedagogies in Latino Youth Identity and Achievement explores the theory, research, and application of asset-based pedagogies to counter approaches that fail to challenge deficit views of youth. Presenting details on the role of teachers' knowledge about students' language and culture as strengths as opposed to deficiencies, Francesca A. López connects classroom practices to positive outcomes, preparing teachers to use asset pedagogies to promote academic achievement and implement asset-based teaching practices. Making thorough use of examples from research both in and out of the classroom and concluding with concrete applications from experienced educators, this book
