The Fear and Greed Index. The fear and greed index comprises 9

charts including the CBOE Volatility Index (VIX), the NYSE

Advance-Decline Ratio (ADR), S&P 500 Weekly Chart, Federal

Reserve Bank Kansas Financial Stress Index and the AII

Sentiment Indicator. Ultimately, fear and greed are expressed in the

26 technical indicators of the S&P 500 providing an accurate

picture of the market action.

The Modern Fear & Greed Index [9 Sentiment Indicators]

In addition to the fear and greed indicators we have above,

TradingView has very cleverly implemented a Buy-Sell Gauge

based on technical analysis. Technical Analysis is based on the

principle of evaluating the market direction using stock price and

volume to determine underlying supply and demand. This is a much

better indicator than for example the AII Sentiment indicator

because, as we know most investors are wrong at key points in

major market turns.
