Adobe Photoshop Lightroom Classic is a great medium to give good control to a photographer. It's one of the best Photoshop software. This book has the best tutorials and hacks that will help a brand new user to get started with Lightroom Classic. Lightroom Classic is one of Adobe's premier software suites for photographers. Lightroom Classic has a built-in tone curve, and it's not all that bad. The downside is that you can only use it for correcting white balance, which makes color correcting your images more difficult. Luckily, you can access the color correction options in the '3rd Party' section of Lightroom Classic. You can also add a new palette to your Lightroom Classic workspace by using the 'add new palettes' icon in the toolbar. Use it to drag a new palette onto your library, and you can easily remove it again. It's really handy to have. But that's not all Lightroom can do. You can set folders to be hidden, or you can organize your files in various ways. Lightroom classic offers capabilities to photographers to make adjustments to their pictures and create amazing photos. This book also discusses how to customize your Lightroom Classic workspace for the ultimate workflow and customization experience plus many more tutorials to ace your photo editing skills.
