(Guitar Chord Songbook). Guitar chords and lyrics to 50 of their best. Songs include: By the Way \* Californication \* Give It Away \* Love Rollercoaster \* Porcelain \* Save the Population \* Scar Tissue \* Suck My Kiss \* and more.

In this "vivid and inspiring" NYT bestseller (Newsweek), the Red Hot Chili Peppers' lead singer and songwriter shares a searingly honest account of life in the rock scene's fast lane -- from the darkness into the light. In 1983, four self-described "knuckleheads" burst out of the mosh-pitted mosaic of the neo-punk rock scene in L.A. with their own unique brand of cosmic hardcore mayhem funk. Over twenty years later, the Red Hot Chili Peppers, against all odds, have become one of the most successful bands in the world. Though the band has gone through many incarnations, Anthony Kiedis, the group's lyricist and dynamic lead singer, has been there for the whole roller-coaster ride. In Scar Tissue, Kiedis delivers a compelling life story from a man "in love with everything" -- the darkness, the death, the disease. Even his descent into drug addiction was a part of that journey, another element transformed into art. Whether he's honoring the influence of the beautiful, strong women who have been his muses or remembering the roaring crowds of Woodstock and the Dalai Lama's humble compound, Kiedis shares a compelling story about the price of success and excess. Scar Tissue is a story of dedication and debauchery, of intrigue and integrity, of recklessness and redemption -- a story that could only have come out of the world of rock.

From their humble beginnings as friends in high school, to playing strip clubs in nothing but well-placed socks, through a struggle to find the right guitarist, to the present day, Red Hot Chili Peppers FAQ chronicles the adventures of the best-selling alternative rock band of all time. No other book goes through each era of the band's history. Unlike other band biographies, Red Hot Chili Peppers FAQ digs into the trivia that hardcore fans obsess over: every recorded (and unreleased) song and their origins, the story behind each band member's every tattoo, and every piece of gear each band member past and present has ever used. Ever wonder why current drummer Chad Smith switched drum companies? Or how Flea and Dave Navarro ended up recording with Alanis Morissette on "You Oughta Know"? Just when did Anthony Kiedis meet current guitarist Josh Klinghoffer for the first time? When did Kiedis first try harder drugs? How did Cher end up as a babysiter for young Kiedis? When did Bucklehead try out for the band? Who currently owns the mansion where they recorded Blood Sugar Sex Magik? All the answers lay in the pages of Red Hot Chili Peppers FAQ.

The Chili Peppers' groundbreaking rock/funk/pop fusion has gained them a huge and loyal fan base over the years, but the worldwide success of their 2002 album By The Way has now pushed them into the top league of alternative rock crossover success. The product of several years of detailed research, Dave Thompson's in-depth, fully updated account of the band's private lives and public highs and lows is not just a must-read for any serious fan of the Chili Peppers, but a perfect way for their legions of fans to discover their remarkable story.

One-of-a-kind tribute from one of the best-selling bands in the world direct to their legions of fans. The Red Hot Chili Peppers' performances have become legendary as much for the music and antics on stage as the generous, loving community of people who stand side by side, screaming their approval. This is a fan appreciation book from the band that puts the emphasis where it should be -- on the fans. A vivid montage of words from the band members to their fans, it includes hundreds of photos taken at concerts worldwide, and interviews with fifty of the most devoted RHCP fans around the globe. The stories that emerge range from fantastic to tragic, but always inspirational and life-affirming. Lead singer Anthony Kiedis -- New York Times best-selling author of his memoir, Scar Tissue -- writes about the making of this book, and tells the story of the band's connection with their fans from day one in 1983 and how that relationship has evolved over three decades. Designed with a DIY/fanzine feel, this book is more than a fan tribute; it's a cultural exchange that captures the unique connection of an iconic band as devoted to their fans as the fans are to them.

Poetry. Memoir. Latino/Latina Studies. In SCAR TISSUE, Gustavo Perez Firmat's most revealing and courageous book to date, the widely acclaimed author tells his story of enduring illness and loss between two cultures. More than a recovery journal, this collection of poetry and prose is a reflection on the resources for healing and renewal available to those whose lives are divided between countries, cultures, and languages.

Here is the extreme story of the indestructible LA group from their early funk days to eventual success as one of America's top-selling bands. Despite an epic reputation for exhibitionism, drug taking and debauchery, through it all the Chili Peppers have continued to produce records that shock, challenge and intrigue their fans. Author Jeff Apter has interviewed dozens of people - many speaking openly for the first time - who have moved in and out of the Chili Peppers' circle over the past three decades. He has spoken with former Chili Peppers, life-long friends, classmates, family members, album producers and music business insiders, as he plots the band's rise from Hollywood 'latchkey kids', willing to test-drive any drug or woman they could score, to the canomile-tea sipping superstars of today, whose only true family is this band.

Red Hot Chili Peppers in the Studio brings you right on the scene from the formation of the group to their rocky road where you get first hand details of the successes, the producers, the engineers, the controversies; Frusciante's drug addiction, Slovak's death, the break ups, the tours, the mayhem and of course, the music. Show more Show less

Alan Cross is the preeminent chronicler of popular music. Here he looks at the Red Hot Chili Peppers from their founding through 2008. This snapshot of "the right band with the right sound at the right time" is adapted from the audiobook.

"The co-founder of the Red Hot Chili Peppers chronicles his life from his birth in Australia and upbringing on the streets of Los Angeles through his rise to Rock and Roll Hall of Fame inductee." --
