Ultra-private, ridiculously handsome Crown Prince Arthur has always gotten by on his charm. But that won't be enough now that the Royal Family is about to be ousted from power once and for all. When Prince Arthur has to rely on the one woman in the kingdom who hates him most, he must learn that earning the love of a nation means first risking his heart. Twenty-eight-year-old Tessa Sharpe, a.k.a. The Royal Watchdog, hates everything about Prince Arthur. As far as she's concerned, he's an arrogant, lazy leech on the kingdom of Avonia. When he shocks the nation by giving her the keys to the castle, Tessa has no choice but to accept and move in for two months. It's lust at first sight, but there's no way she can give in to her feelings-not if she wants to have a career or a shred of pride left when her time at the palace ends... Can two natural enemies find their forever in each other's arms, or will they ruin each other to save themselves?

But Maggie doesn't count on Mimi's jealous cousin, Princess Penelope, trying to sabotage her every move! Sometimes being a princess is a royal pain...

Desi Bascomb is a princess substitute prodigy—she's the fastest employee ever to advance to level three in the Façade Agency, and the youngest to ever be a full-time sub. But now with all eyes on Desi, the only thing she wants is a moment alone to talk to Reed, who's a Façade legacy and secretly a sub for princes! As Desi trains for her new role, she spies more than a few cracks in Façade ' s perfect appearance. But uncovering the agency ' s dark past might require more than a princess sub can handle by herself. Desi is no damsel in distress, but sometimes a girl needs a knight in shining armor.

For fans of *The Princess Diaries* and *The Royal We* comes a fun and daring novel about a modern-day princess who teams up with a spy to find out what happened to the fiancé who left her at the altar—and who just might get her own fairytale in the process. Princess Theodora Isabella Victoria of Drieden of the Royal House Laurent is so over this princess thing. After her fiancé jilted her on their wedding day, she's finally back home after spending four months in exile—aka it's back to press conferences, public appearances, and putting on a show for the Driedish nation as the perfect princess they expect her to be. But Thea's sick of duty. After all, that's what got her into this mess in the first place. So when she sneaks out of the palace and meets a sexy Scot named Nick in a local bar, she relishes the chance to be a normal woman for a change. But just as she thinks she's found her Prince Charming for the night, he reveals his intentions are less than honorable: he's the brother of her former fiancé, a British spy, and he's not above blackmail. As Thea reluctantly joins forces with Nick to find out what happened the day her fiancé disappeared, together they discover a secret that could destroy a centuries-old monarchy and change life as they know it. Funny, fast-paced, and full of more twists and turns than the castle Thea lives in, *The Royal Runaway* is a fresh romantic comedy that will leave you cheering for the modern-day royal who chucks the rulebook aside to create her own happily-ever-after.
