Calling Anna and Bennett's romance long distance is an understatement: she's from 1995 Chicago and he's a time traveler from 2012 San Francisco. The two of them never should have met, but they did. They fell in love, even though they knew they shouldn't. And they found a way to stay together, against all odds. It's not a perfect arrangement, though, with Bennett unable to stay in the past for ...

Time After Time is a 1979 science fiction novel by American writer Karl Alexander. Its plot speculates what might have happened if H. G. Wells had built a real time machine to travel to the 1970s in search of Jack the Ripper.. The novel was adapted to film the same year, under the same title, by Alexander's friend Nicholas Meyer who had optioned the story after reading the early pages.
