Every day in the United States, children and adolescents are victims of commercial sexual exploitation and sex trafficking. Despite the serious and long-term consequences for victims as well as their families, communities, and society, efforts to prevent, identify, and respond to these crimes are largely under supported, inefficient, uncoordinated, and unevaluated. *Confronting Commercial Sexual Exploitation and Sex Trafficking of Minors in the United States* examines commercial sexual exploitation and sex trafficking of U.S. citizens and lawful permanent residents of the United States under age 18. According to this report, efforts to prevent, identify, and respond to these crimes require better collaborative approaches that build upon the capabilities of people and entities from a range of sectors. In addition, such efforts need to confront demand and the individuals who commit and benefit from these crimes. The report recommends increased awareness and understanding, strengthening of the law's response, strengthening of research to advance understanding and to support the development of prevention and intervention strategies, support for multi-sector and interagency collaboration, and creation of a digital information-sharing platform. A nation that is unaware of these problems or disengaged from solutions unwittingly contributes to the ongoing abuse of minors. If acted upon in a coordinated and comprehensive manner, the recommendations of *Confronting Commercial Sexual Exploitation and Sex Trafficking of Minors in the United States* can help advance and strengthen the nation's emerging efforts to prevent, identify, and respond to commercial sexual exploitation and sex trafficking of minors in the United States.

A heart-stopping story of lies, brutality and fear. British girl Megan Stephens tells the true story of how an idyllic Mediterranean holiday turned into an unimaginable nightmare when she was tricked into becoming a victim of human trafficking and held captive for six years by deception, threats and violence.

'If you read the papers, you'd think that the only girls to get hooked are from dysfunctional families. But what happened to me could happen to anyone. Your child, your sister, your friend – even yourself if you are young and naive enough, like I was' Emma was just 13 when her happy childhood came crashing down. A nice girl from a good home, she had no idea the young lads she and her friends met every Saturday in the shopping mall weren't all they seemed. The boys were part of an organised child sexual exploitation gang targeting innocent young girls, grooming them for prostitution. Captivated by the ring leader, and the alcohol and drugs he freely handed round, Emma didn't see the first brutal rape coming. From that moment, her life was never her own. Emma found herself drawn into a trap of degradation and violence, frightened for her life and not knowing where to turn. But *Exploited* is also the story of how she found the courage and inner strength to risk everything, and escape. *Exploited* is an updated

Now, as the owner of her own company which bills millions annually, she's set up the B.E.A.S.H.E.R.O Foundation, which seeks to help sexually-exploited teenage girls get off the streets of Las Vegas, teach them a viable skill and see they become independent members of society. Here is her story on how she went from a zero to a SHERO!
