About the Book. Hatchet appeals to most students and is exemplary in demonstrating how sensory details improve writing. The scene of the plane crash draws students in. Many of them have limited knowledge of what to do when someone has a heart attack, and the scene is purposely written in a confusing way to match the chaos of the moment.

Celebrate the thirtieth anniversary of the Newbery Honor–winning survival novel Hatchet with a pocket-sized edition perfect for travelers to take along on their own adventures. This special anniversary edition includes a new introduction and commentary by author Gary Paulsen, pen-and-ink illustrations by Drew Willis, and a water resistant cover. Hatchet has also been nominated as one of America’s best-loved novels by PBS’s The Great American Read. Thirteen-year-old Brian Robeson, haunted by his secret knowledge of his mother’s infidelity, is traveling by single-engine plane to visit his father for the first time since the divorce. When the plane crashes, killing the pilot, the sole survivor is Brian. He is alone in the Canadian wilderness with nothing but his clothing, a tattered windbreaker, and the hatchet his mother had given him as a present. At first consumed by despair and self-pity, Brian slowly learns survival skills—how to make a shelter for himself, how to hunt and fish and forage for food, how to make a fire—and even finds the courage to start over from scratch when a tornado ravages his campsite. When Brian is finally rescued after fifty-four days in the wild, he emerges from his ordeal with new patience and maturity, and a greater understanding of himself and his parents.

"This workbook will introduce your child to grade six vocabulary and reading comprehension exercises in a step-by-step manner."--Cover.

"Should appeal to all rugged individualists who dream of escape to the forest."—The New York Times Book Review Sam Gribley is terribly unhappy living in New York City with his family, so he runs away to the Catskill Mountains to live in the woods—all by himself. With only a penknife, a ball of cord, forty dollars, and some flint and steel, he intends to survive on his own. Sam learns about courage, danger, and independence during his year in the wilderness, a year that changes his life forever. "An extraordinary book . . . It will be read year after year." —The Horn Book

Explores the mysterious monument of Stonehenge and reveals some of its secrets and history.

Journalist Walls grew up with parents whose ideals and stubborn nonconformity were their curse and their salvation. Rex and Rose Mary and their four children lived like nomads, moving among Southwest desert towns, camping in the mountains. Rex was a charismatic, brilliant man who, when sober, captured his children’s imagination, teaching them how to embrace life fearlessly. Rose Mary painted and wrote and couldn’t stand the responsibility of providing for her family. When the money ran out, the Walls retreated to the dismal West Virginia mining town Rex had tried to escape. As the dysfunction escalated, the children had to fend for themselves, supporting one another as they found the resources and will to leave home. Yet Walls describes her parents with deep affection in this tale of unconditional love in a family that, despite its profound flaws, gave her the fiery determination to carve out a successful life. -- From publisher description.

Former Pinkerton agent Buck Trammel has made quite a name for himself in the Old West. Now he’s got to live up to his own legend—or get gunshot trying . . . Johnstone Country. The Bullets Stop Here. IF YOU CAN’T BEAT ‘EM, SHOOT ‘EM There are two things a man can never escape: his past and his destiny. For Buck Trammel, that past includes a fatal mistake that ended his career as a Pinkerton—and a deadly shootout with the Bower gang in a Wichita saloon. Call it luck or call it fate, but the famous Deputy Wyatt Earp was there to give Buck some advice: Run for your life. Maybe it was Earp’s warning that saved him from the gang’s wrath. Maybe it was destiny that brought him to the town of Blackstone, Wyoming, where his biggest problem is a father-son brewing war. But Trammel’s luck is about to run dry. . . .The gang’s ruthless boss, Old Man Bower, knows where Trammel lives. He’s assembled a small army of gunslingers. He’s hired a Pinkerton with a grudge against Trammel. And he’s coming to town to bury the hatchet. . . . Live Free. Read Hard.

"HELP! My Students Can't Write!" Why You Need a Writing Revolution in Your Classroom and How to Lead It. The Writing Revolution (TWR) provides a clear method of instruction that you can use no matter what subject or grade level you teach. The model, also known as The Hochman Method, has demonstrated, over and over, that it can turn weak writers into strong communicators by focusing on specific techniques that match their needs and by providing them with targeted feedback. Insurmountable as the challenges faced by many students may seem, TWR can make a dramatic difference. And the method does more than improve writing skills. It also helps: Boost reading comprehension Improve organizational and study skills Enhance speaking abilities Develop analytical capabilities TWR is as much a method of teaching content as it is a method of teaching writing. There's no separate writing block and no separate writing curriculum. Instead, teachers of all subjects adapt the TWR strategies and activities to their current curriculum and weave them into their content instruction. But perhaps what's most revolutionary about the TWR method is that it takes the mystery out of learning to write well. It breaks the writing process down into manageable chunks and then has students practice the chunks they need, repeatedly, while also learning content.

"Read, read, read. Read everything—trash, classics, good and bad, and see how they do it. Just like a carpenter who works as an apprentice and studies the master. Read! You'll absorb it. Then write. If it is good, you'll find out. If it's not, throw it out the window." —William Faulkner Light in August, a novel about hopeful perseverance in the face of mortality, features some of Faulkner’s most memorable characters: guileless, dauntless Lena Grove, in search of the father of her unborn child; Reverend Gail Hightower, who is plagued by visions of Confederate horsemen; and Joe Christmas, a desperate, enigmatic drifter consumed by his mixed ancestry.

Because of his success surviving alone in the wilderness for fifty-four days, fifteen-year-old Brian, profoundly changed by his time in the wild, is asked to undergo a similar experience to help scientists learn more about the psychology of survival.
