En espanol is a multi-level Spanish program for middle school and high school that provides a balanced approach to proficiency and grammar along with interdisciplinary features and projects to build confident communicators.

Caminos 3 offers students complete preparation for GCSE/Standard Grade through full coverage of all five Areas of Experience, Grades A\*-G. Mixed abilities are catered for in one carefully structured Student's Book by the use of symbols to indicate differentiated activities. Student motivation is encouraged through the use of material appropriate for the 14-16 year age group in both content and style. Full support for the teacher is provided through detailed notes, National Curriculum cross referencing, tapescripts and answers as well as general teaching advice.Student's Book and worksheet activities are supported by 7 cassettes of audio material.

It's true that some people spend years studying Spanish before they finally get around to speaking the language. But here's a better idea. Skip the years of study and jump right to the speaking part. Sound crazy? No, it's language hacking. Unlike most traditional language courses that try to teach you the rules of Spanish, #LanguageHacking shows you how to learn and speak Italian through proven memory techniques, unconventional shortcuts and conversation strategies perfected by one of the world's greatest language learners, Benny Lewis, aka the Irish Polyglot. Using the language hacks -shortcuts that make learning simple - that Benny mastered while learning his 11 languages and his 'speak from the start' method, you will crack the language code and exponentially increase your language abilities so that you can get fluent faster. It's not magic. It's not a language gene. It's not something only "other people" can do. It's about being smart with how you learn, learning what's indispensable, skipping what's not, and using what you've learned to have real conversations in Spanish from day one. The Method #LanguageHacking takes a modern approach to language learning, blending the power of online social collaboration with traditional methods. It focuses on the conversations that learners need to master right away, rather than presenting language in order of difficulty like most courses. This means that you can have conversations immediately, not after years of study. Each of the 10 units culminates with a speaking 'mission' that prepares you to use the language you've learned to talk about yourself. Through the language hacker online learner community, you can share your personalized speaking 'missions' with other learners - getting and giving feedback and extending your learning beyond the pages of the book . You don't need to go abroad to learn a language any more.

Que te parece? is an exciting and innovative new program suitable for any communicative or proficiency-based intermediate Spanish course. Both the grammar and the activities are driven by the content, so that they are always presented in an authentic context. The program offers a dynamic approach to the material by incorporating unique presentations of literature, culture, and the fine arts. This edition includes an interactive CD-ROM that further explores the fine art and literature from the Spanish-speaking world, as well as the video to accompany the text.

Known for many years as Barron's Easy Way Series, the new editions of these popular self-teaching titles are now Barron's E-2 Series. Brand-new cover designs reflect all new page layouts, which feature extensive two-color treatment, a fresh, modern typeface, and more graphic material than ever-- charts, graphs, diagrams, instructive line illustrations, and where appropriate, amusing cartoons. Meanwhile, the quality of the books' contents remains at least as high as ever. Barron's E-2 books are self-help manuals focused to improve students' grades in a wide variety of academic and practical subjects. For most subjects, the level of difficulty ranges between high school and college-101 standards. Although primarily designed as self-teaching manuals, these books are also preferred by many teachers as classroom supplements--and for some courses, as main textbooks. E-2 books review their subjects in detail, and feature both short quizzes and longer tests with answers to help students gauge their learning progress. Subject heads and key phrases are set in a second color as an easy reference aid. Barron's heavily revised and updated E-2 Spanish presents a beginner's introduction to speaking, understanding, and writing in Spanish, with emphasis on oral proficiency. All stories and exercises have been modernized.

An intermediate Spanish course designed for students with a working knowledge of the language and studying without the support of a classroom teacher.
