Wander is the first book of a new series set in the Montague and Strong universe. If you have ever wondered who deals with the messes Monty and Simon leave behind after one of their "investigations", it's the Night Wardens. Enter Grey Stryder, one of the elite Night Wardens, until he was banned, as a Dark Mage.

Wander-A Night Warden Novel: Volume 1: Amazon.co.uk ...

Excellent first book Orlando Sanchez has again created an interesting story revolving around unique characters in this first book to his new series, Night Warden. It is set in the same fantasy New York City world as his fantastic Montague and Strong series but the main character in Wander, Grey Stryder, is older with a darker past and his partner/protégé, Koda, is young, naive and deadly.

Wander (Night Warden #1) by Orlando A. Sanchez

Wander – A Night Warden novel is the first in a new series by the same person that does the Montague and Strong detective agency series. It is set in the same universe as Monty and Strong, which for me makes it even better. I like shared universes. "He's not the Hero you want. He is the monster you need..." (Tagline for Book)

He's not the hero you want. He's the monster you need.When a new strain of the deadly drug, Redrum creates UV resistant vampires, the streets of New York City are flooded with the mindless creatures searching for blood-human blood. The NYTF and Dark Council refuse to deal with menace and contact the Night Wardens expecting results. What they get is a dark mage with nothing to lose.Now Grey Stryder-a dying dark mage and rogue Night Warden must join Koda, a short tempered, trigger-happy assassin to clean the streets of New York, find the source of Redrum, and keep humanity off the menu, before it's too late.Together they will be become the heroes the city needs-but no one wants.

From Newbery Medalist Jerry Spinelli (Maniac Magee, Stargirl) comes the "moving and memorable" (Kirkus Reviews, starred) story of a girl searching for happiness inside the walls of a prison. Cammie O'Reilly lives at the Hancock County Prison--not as a prisoner, she's the warden's daughter. She spends the mornings hanging out with shoplifters and reformed arsonists in the women's exercise yard, which gives Cammie a certain cache with her school friends. But even though Cammie's free to leave the prison, she's still stuck. And sad, and really mad. Her mother died saving her from harm when she was just a baby. You wouldn't think you could miss something you never had, but on the eve of her thirteenth birthday, the thing Cammie most wants is a mom. A prison might not be the best place to search for a mother, but Cammie is determined and she's willing to work with what she's got. "Jerry Spinelli again proves why he's the king of storytellers" (Shelf Awareness, starred) in this tale of a girl who learns that heroes can come in surprising disguises, and that even if we don't always get what we want, sometimes we really do get what we need. "This book is never boring and never predictable. Fame, good and bad fortune, friendship and mental illness all make their way into [Cammie's] narrative."—"The New York Times Book Review Praise for the works of Jerry Spinelli: "Spinelli is a poet of the prepubescent. . . . No writer guides his young characters, and his readers, past these pitfalls and challenges and toward their futures with more compassion." —The New York Times "It's almost unreal how much the children's book still resonates." —Bustle.com on Maniac Magee

In this novel, set in the 15th century during the Hundred Years War between France and England, Hella Haasse brilliantly captures all the drama of one of the great ages of history.

Part lawman, part tracker and part magician, the Wardens are monster-hunters - tasked with protecting the people from the various, nightmarish creatures that have invaded the world of men. However, despite being descended from a long line of Wardens, 16-year-old Errol Magnus believes it to be the absolute worst job on the planet: How could a single occupation simultaneously be the most boring, abominably stupid and extraordinarily dangerous profession imaginable? But when his older brother Tom - the current Warden for their region - goes missing, Errol has no choice but to enter the Badlands, where monsters abide in mind-boggling numbers, to find him. During his search, Errol crosses paths with - and finds himself stalked by - the legendary Wendigo, a monster with preternatural strength and speed, as well as enhanced senses of sight, smell and hearing...and an insatiable hunger for human flesh. Now Errol must do the impossible and not only escape from the monster (something no one has ever done before), but also avoid the unearthly legacy it leaves on all its victims - a terrifying curse known as Wendigo Fever. teen & young adult, fantasy, coming of age, horror, paranormal, supernatural, romance, legends, myths, fables, monsters, wendigo, zombie, magic, mystery, roc, sorcery, revenant, manticore

Tim McAndrews has been through a lot. Still a top prosecutor in Seattle, his near-perfect case record has been unjustly tarnished by a self-defense shooting. Because of it, he fears his career as an assistant district attorney is doomed to go nowhere. It's not all bad, though. Legendary FBI Profiler, Elias Cain has offered Tim a job with his team. As he weighs his options for the future, Tim is fortified by the fact that he saved his wife and lover, the beautiful Daniela St. Clair, from death. Tim takes a much-needed ski vacation with his wife and best friends to the Schweitzer Mountain Ski Resort. When a young girl is abducted in front of the resort, Tim is drawn into the intrigue. This girl isn't the only child in danger. Once the police finish their investigation, he will be assigned the prosecution's case where two six-year-old twin boys were abducted and murdered. Rainbow-colored duct tape Tim finds in the snow may be the one clue that ties these kidnappings together. Tim's vacation is put on hold when his friend, Elias Cain, negotiates with the Seattle DA to loan Tim to his profiling team for the kidnapping investigation. As their research unfolds, Tim and his friends realize that they are chasing down a child trafficking ring that's like an octopus with tentacles reaching everywhere. To take down this monster, Tim might have to put his life on the line—again.

Part lawman, part tracker and part magician, the Wardens are monster-hunters - tasked with protecting the people from the various, nightmarish creatures that have invaded the world of men. For most of his life, 16-year-old Errol Magnus categorically rejected the idea of being a Warden. Growing up right next to the Badlands, he encountered enough bloodthirsty monsters in the ordinary course of events; he'd never seen much sense in assuming a post that required you to actively seek them out. Recently, however, while competently and capably serving as Warden on behalf of his missing brother Tom, Errol's had a change of heart. Now, for reasons of his own, he desperately wants the position. Unfortunately, being officially appointed Warden not only requires that Errol's skills be tested by his peers, but that he also make a perilous journey to the city of Apolos in order to be examined by the High Wardens himself. Traveling with a group of colleagues, Errol thinks all danger is behind them once they reach the safety of the city. However, nothing could be further from the truth. Something has followed them out of the Badlands, and - one by one - his traveling companions are being viciously slain by something...inhuman. It's up to Errol to find the creature and bring its killing spree to a halt, before he himself winds up the next victim. teen & young adult, fantasy, coming of age, horror, paranormal, supernatural, romance, legends, myths, fables, monsters, aswang, homunculus, magic, mystery, selkie

For over one hundred years, Central Park has been a maximum security prison. Home to creatures of unimaginable power, they are kept imprisoned by the wards that surround the park. Now those wards are failing and people are dying. Creatures, called the Unholy, are escaping into the night. Only the Hunters, an elite force of warriors can stop them. Sepia Blue is a new hunter, with little experience. Together with her gunman and partner, Cade, they must stop the wards from failing completely. Can a hunter with a dark past and a darker sword stop the Unholy before they destroy all of humanity?

In the forgotten back alleys and flophouses that lie in the shadows of Rigus, the finest city of the Thirteen Lands, is Low Town. It is an ugly place, and its champion is an ugly man. Disgraced intelligence agent. Forgotten war hero. Independent drug dealer. After a fall from grace five years ago, a man known as the Warden leads a life of crime, addicted to cheap violence and expensive drugs. Every day is a constant hustle to find new customers and protect his turf from low-life competition. The Warden's life of drugged iniquity is shaken by his discovery of a murdered child down a dead-end street, setting him on a collision course with the life he left behind. As a former agent with Black House--the secret police--he knows better than anyone that murder in Low Town is an everyday thing, the kind of crime that doesn't get investigated. To protect his home, he will take part in a dangerous game of deception between underworld bosses and the psychotic head of Black House, but the truth is far darker than he imagines.

This carefully crafted ebook: "A TALE OF TWO CITIES & BARNABY RUDGE" is formatted for your eReader with a functional and detailed table of contents. A Tale of Two Cities is set in London and Paris before and during the French Revolution. The novel depicts the plight of the French peasantry demoralized by the French aristocracy in the years leading up to the revolution, the corresponding brutality demonstrated by the revolutionaries toward the former aristocrats in the early years of the revolution, and many unflattering social parallels with life in London during the same period. Barnaby Rudge: A Tale of the Riots of Eighty is largely set during the Gordon Riots of 1780. The story begins on an evening of foul weather in the year 1775 where we meet several families; The Willets, The Vardens, The Chesters, and Barnaby Rudge, a simpleton who wanders around with his pet raven, Grip. As the story advances five years to a wintry evening in early 1780, many of the characters get involved in the infamous Protestant riots led by Sir George Gordon. Charles Dickens (1812-1870) was an English writer and social critic. He created some of the world's best-known fictional characters and is regarded as the greatest novelist of the Victorian era.

I thought everything would change, after the war. And now, no one even mentions it. It is as if we all got together in private and said whatever you do don't mention that, like it never happened. It's the late 1940s. Calm has returned to London and five people are recovering from the chaos of war. In scenes set in a quiet dating agency, a bombed-out church and a prison cell, the stories of these five lives begin to intertwine and we uncover the desire and regret that has bound them together. Sarah Waters's story of illicit love and everyday heroism takes us from a dazed and shattered post-war Britain back into the heart of the Blitz, towards the secrets that are hidden there. Olivier-nominated playwright Hattie Naylor has created a thrilling and theatrically inventive adaptation of a great modern novel. The stage adaptation of The Night Watch was premiered at the Royal Exchange Theatre, Manchester, on 16 May 2016.
