What makes us tick? Importantly, is it nurture or is it nature? What explains the differences between people? Can the differences between people be explained by differences in their biology, their biological makeup, the way that their brains function? Or are the differences between people best explained by the circumstances of their lives, the ...

~~What makes us tick?—Psychology and Mental Health~~

Hugh Mackay's book, What Makes us Tick is penetrating and thought provoking. It really helps explain why we behave the way we do, in particular why we sometimes dedicate too much to our working lives. I like Hugh's summary on what motivates: - Something to do, someone to love and something to look forward to.

WHAT MAKES US TICK. Sick of grinding through each day instead of connecting with other people, the Truth Tellers are laser-focused on cutting the bullsh\*t and getting real about how they're living their lives. Too many men fail at legit relationships because they're doing a crappy job at taking care of themselves. They exist in a culture where being a man means putting up a facade, suppressing feelings, and managing all of the demands on their time including work, family, personal ...

WHAT MAKES US TICK. We do this work because we really care. Like many people, deep down we are driven to play our part in making the world a better place. From our own direct experience, we know that when people with learning disabilities are supported well and have the opportunity to play their part as accepted citizens in their local communities, not only do they thrive but so too do the communities around them.

~~WHAT MAKES US TICK—Symbol~~

Tourette Syndrome (TS) is an inherited neurological condition. It affects one school child in every hundred and is more common amongst boys. Over 300,000 children and adults are living with TS in the UK. The key features are tics – involuntary sounds and movements, which must be present for at least 12 months to meet the diagnostic criteria.
