His first years in the police were often chaotic and difficult, and he was very nearly sacked for not prosecuting enough people. Working at the sharp end of inner-city policing for the entire thirty years, Jonathan saw how politics interfered with the job; from the massaging of crime figures to personal petty squabbles with senior officers. His last ten years were the oddest, from being the best cop in the force to repeatedly being told that he faced dismissal. This astonishing true story comes from deep in the heart of British inner-city policing and is a revealing insight into what life is really like for a police officer, amid increasing budget cuts, bizarre Home Office ideas and stifling political correctness. "I can write what I like,

No one believed Anamaria Duquesne when she had premonitions of her mother's death. Now, years later, the town pariah has returned to Copper Lake to unearth what transpired on that fateful night. Although she has the gift of foresight, she didn't predict falling under the tantalizing spell of a rich playboy who's been hired to spy on her. Robbie Calloway scoffed at Anamaria's psychic mumbo jumbo about an unsolved murder and eerie family curses. But before long, the prominent attorney was entrenched in her crusade.... With danger swirling around them, could they overcome incredible odds to be together?

From the bestselling and award-winning author of *The Sparrow* comes an inspiring historical novel about “America’s Joan of Arc” Annie Clements—the courageous woman who started a rebellion by leading a strike against the largest copper mining company in the world. In July 1913, twenty-five-year-old Annie Clements had seen enough of the world to know that it was unfair. She’s spent her whole life in the copper-mining town of Calumet, Michigan where men risk their lives for meager salaries—and had barely enough to put food on the table and clothes on their backs. The women labor in the houses of the elite, and send their husbands and sons deep underground each day, dreading the fateful call of the company man telling them their loved ones aren’t coming home. When Annie decides to stand up for herself, and the entire

town of Calumet, nearly everyone believes she may have taken on more than she is prepared to handle. In Annie's hands lie the miners' fortunes and their health, her husband's wrath over her growing independence, and her own reputation as she faces the threat of prison and discovers a forbidden love. On her fierce quest for justice, Annie will discover just how much she is willing to sacrifice for her own independence and the families of Calumet. From one of the most versatile writers in contemporary fiction, this novel is an authentic and moving historical portrait of the lives of the men and women of the early 20th century labor movement, and of a turbulent, violent political landscape that may feel startlingly relevant to today.

"For P.I. Paul Grayhorse, there were no secrets--thanks to his special Navajo gift. He knew why U.S. Deputy Marshal Kendra Armstrong found him in the canyons of New Mexico. Reopening the case that ended his marshal career and killed his partner did more than haunt Paul; it put him in the crosshairs. Using Paul to flush out her fugitive was risky, but teaming with him was downright dangerous. In his arms, Kendra felt like a woman, with a woman's desires. But with his powers, could she hide her biggest secret--that she'd fallen for him? And that for the first time in her career, she was afraid...afraid to live without him if she couldn't get her man?"--P. [4] of cover.

On a summer night in 2009, three lives intersected in one American neighborhood. Two people newly in love--Teresa Butz and Jennifer Hopper, who spent years trying to find themselves and who eventually found each other--woke up to find Isaiah Kalebu, twenty-three years old and with a history of mental illness, standing over them with a knife. In this compassionate and

riveting account of a murder in Seattle, Eli Sanders, who won a Pulitzer Prize for his coverage of the crime, offers a portrait in microcosm of the state of mental health care in America--as well as an inspiring story of love and forgiveness. Culminating in Kalebu's slide toward violence--observed by family members, police, mental health workers, lawyers, and judges, but stopped by no one.
