William Shakespeare's Star Wars Collection: William ...

The place in the canon of Shakespeare's The Empire Striketh Back is, of course, unchallenged. This is one of the most moving stories ever told, and it shows Shakespeare's genius at an early age. Rather than write YET ANOTHER review of how great this play is, however, I'd like to focus on a less-discussed topic related to ESB.

Where To Download William Shakespeare S The Empire Striketh Back

Shakespeare, the Renaissance and Empire presents Shakespeare as both a local and global writer, investigating Shakespeare's trans-cultural writing through the interrelations and interactions of binaries including theory and practice, past and present, aesthetics and ethics, freedom and tyranny, republic and empire, empires and colonies, poetry and history, rhetoric and poetics, England and America, and England and Asia. The book breaks away from traditional western-centric analysis to present a universal Shakespeare, exposing readers to the relevance and significance of Shakespeare within their local contexts and cultures. This text aims to present a global Shakespeare, utilizing a dual perspective or dialectical presentation, mainly centred on questions of (1) how Shakespeare can be viewed as both an English writer and a world writer; (2) how language operates across genres and kinds of discourse; and (3) how Shakespeare helps to articulate a poetics of both texts (literature) and contexts (cultures). The book's originality lies in its articulation of the importance and value of Shakespeare in the emerging landscape of global culture.

The New York Times Best Seller Experience the Star Wars saga reimagined as an Elizabethan drama penned by William Shakespeare himself, complete with authentic meter and verse, and theatrical monologues and dialogue by everyone from Darth Vader to R2D2. Return once more to a galaxy far, far away with this sublime retelling of George Lucas's epic Star Wars in the style of the immortal Bard of Avon. The saga of a wise (Jedi) knight and an evil (Sith) lord, of a beautiful princess held captive and a young hero coming of age, Star Wars abounds with all the valor and villainy of Shakespeare's greatest plays. Authentic meter, stage directions, reimagined movie scenes and dialogue, and hidden Easter eggs throughout will entertain and

impress fans of Star Wars and Shakespeare alike. Every scene and character from the film appears in the play, along with twenty woodcut-style illustrations that depict an Elizabethan version of the Star Wars galaxy. Zounds! This is the book you're looking for.

For more than forty years, Paul Cantor's *Shakespeare's Rome* has been a foundational work in the field of politics and literature. While many critics assumed that the Roman plays do not reflect any special knowledge of Rome, Cantor was one of the first to argue that they are grounded in a profound understanding of the Roman regime and its changes over time. Taking Shakespeare seriously as a political thinker, Cantor suggests that his Roman plays can be profitably studied in the context of the classical republican tradition in political philosophy. In *Shakespeare's Rome*, Cantor examines the political settings of Shakespeare's Roman plays, *Coriolanus* and *Antony and Cleopatra*, with references as well to *Julius Caesar*. Cantor shows that Shakespeare presents a convincing portrait of Rome in different eras of its history, contrasting the austere republic of *Coriolanus*, with its narrow horizons and martial virtues, and the cosmopolitan empire of *Antony and Cleopatra*, with its "immortal longings" and sophistication bordering on decadence.

Contributors to this collection delve into the relationship between Rome and Shakespeare.

Where To Download William Shakespeare S The Empire Striketh Back

They view the presence of Rome in Shakespeare's plays not simply as an unquestioned model of imperial culture, or a routine chapter in the history of literary influence, but rather as the problematic link with a distant and foreign ancestry which is both revered and ravaged in its translation into the terms of the Bard's own cultural moment. During a time when England was engaged in constructing a rhetoric of imperial nationhood, the contributors demonstrate that Englishmen used Roman history and the classical heritage to mediate a complex range of issues, from notions of cultural identity and gender to the representation of systems of exchange with Otherness in the expanding ethnic space of the nation. This volume addresses matters of concern not only for Shakespeare scholars but also for students interested in issues connected with gender, postcolonialism and globalization. Drawing implicitly or explicitly on recent criticism (intertextual studies, postcolonial theory, Derrida's conceptualization of hospitality, gender studies, global studies) the essayists explore how the Roman Shakespeare of an emerging early modern empire asks questions of our present as well as of our past.

For more than forty years, Paul Cantor's *Shakespeare's Rome* has been a foundational work in the field of politics and literature. While many critics assumed that the Roman plays do not reflect any special knowledge of Rome, Cantor was one of the first to argue that they are grounded in a profound understanding of the Roman regime and its changes over time. Taking Shakespeare seriously as a political thinker, Cantor suggests that his Roman plays can be profitably studied in the context of the classical republican tradition in political philosophy. that Shakespeare presents a convincing portrait of Rome in different eras of its history, contrasting the austere republic of Coriolanus, with its narrow horizons and martial virtues, and the cosmopolitan empire of Antony and Cleopatra, with its “immortal longings” and sophistication bordering on decadence.

Shakespeare, the Renaissance and Empire: Poetry, Philosophy and Politics is the second volume of this study and builds on the first, which concentrated on related matters, including geography and language. In both volumes, a key focus is close analysis of the text and an attention to Shakespeare’s use of signs, verbal and visual, to represent the world in poetry and prose, in dramatic and non-dramatic work as well as some of the contexts before, during and after the Renaissance. Shakespeare’s representation of character and action in poetry and theatre, his interpretation and subsequent interpretations of him are central to the book as seen through these topics: German Shakespeare, a life and no life, aesthetics and ethics, liberty and tyranny, philosophy and poetry, theory and practice, image and text. The book also explores the typology of then and now, local and global.

The New York Times Best Seller Experience the Star Wars saga reimagined as an Elizabethan drama penned by William Shakespeare himself, complete with authentic meter and verse, and theatrical monologues and dialogue by everyone from C3PO to Admiral Ackbar. Prithiee, attend the tale so far: Han Solo entombed in carbonite, the princess taken captive, the Rebel Alliance besieged, and Jabba the Hutt engorged. Alack! Now Luke Skywalker and his Rebel band must seek fresh allies in their quest to thwart construction of a new Imperial Death Star. But whom
