Quotations by the great statesman who helped lead Britain through two world wars: “Magisterial . . . Should be in the library of every Churchill aficionado” (American Spectator). We shall fight on the beaches, we shall fight on the landing grounds, we shall fight in the fields and in the streets, we shall fight in the hills; we shall never surrender . . . Millions have been moved by these words—and by the hundreds of speeches given by Winston S. Churchill to rally the British public, spur its government to armament against Hitler, and defend the causes for which he believed. Churchill by Himself is the first collection of quotations from a leader who had as much talent for wit as he had for inspiration and exhortation. Edited by renowned Churchill scholar Richard Langworth, this volume is the definitive collection of important quotes from one of the twentieth century’s most persuasive and brilliant orators, whose writings earned him a Nobel Prize in Literature in 1953.

A great statesmen, a masterful historian whose writings won him the Nobel Prize for literature and a war-time leader with few peers, Sir Winston Churchill is remembered perhaps most clearly today for the sheer power of his oratory: the speeches that rallied a nation in its darkest hour and steeled that nation for victory against the might of the Fascist powers. Never Give In! celebrates this oratory by gathering together Churchill's most powerful speeches from throughout his public career. Carefully selected by his grandson, this collection includes all his best known speeches - from his great war-time broadcasts to the "Iron Curtain" speech that heralded the start of the Cold War - and many lesser known but inspirational pieces. In a single volume Never Give In! provides a powerful testimony to one of the great public figures of the 20th century.
