Gartner's ITScore maturity assessment for enterprise architecture assesses EA maturity at five levels, based on eight major dimensions of an EA practice. This research examines our five-level framework for enterprise architecture teams to use in determining EA maturity. ©2020 Gartner, Inc. and/or its affiliates.

ITScore Overview for Enterprise Architecture - Gartner

Gartner's PPM Maturity Model has six levels. These levels range from least mature, Level 0, to fully mature, Level 5 (see Figure 1). The levels can be applied to any business process, but the dimensions that make up the model are unique to a role or a process. Within this maturity model, five core dimensions are of critical importance in PPM.
